PARTIAL VIEW OF OUR RANGE OF GREENHOUSES

To Our Friends and Patrons:

With the advent of another planting season we present for your perusal our Annual Catalog for 1923, it being the thirty-first edition of same. It offers the very best the world affords in flowering and ornamental plants for your home and garden. Only the most meritorious of each family of plants are grown.

THANK YOU—We take this means to thank the many patrons who favored us with their orders during the past season, and trust that the plants we supplied came fully up to expectations.

OREGON GROWN PLANTS—We have prepared for this season's trade the usual large and fine stock of Oregon-grown plants, such as we have been sending our customers for years. The fact that we send out such fine, large healthy plants, which always reach their destination in a perfectly fresh condition, no doubt accounts for their popularity with flower-loving people in every nook and corner of the Pacific Northwest. As it is scarcely a day's journey to any point on a railway line, it is obviously certain that it is a great advantage to buy from us in preference to sending to an Eastern florist and having to wait ten days or more before receiving the plants, and then only in a wilted and spoiled condition.

OUR PRICES—While it is true that we are not seeking a reputation for cheapness, we know that our prices are as low as good plants can be sold for and that no firm in our line of business is supplying stock equal to our for less money.

METHOD OF SHIPMENT—As a rule small orders can be sent more economically by parcel post while orders for amounts over four dollars will go by express to better advantage. Two-year-old roses, shrubs and vines being quite heavy and bulky are usually sent by express at expense of purchaser.

PARCEL POST SHIPMENTS—Orders for small plants of all kinds will be sent by parcel post when requested by purchaser. Also small orders of larger plants when such is possible. It is quite obvious that our proximity to all points in Oregon, Washington and Idaho is a distinct advantage to us and our customers under the parcel post zone rates. Postage is extra for orders going to other states than those mentioned above.

Many of the larger and higher priced plants are too bulky to send by parcel post. We reserve the right to send orders containing such by express at the expense of purchaser.

EXPRESS SHIPMENTS—We recommend this method of shipment when the order is of an amount over \$4.00. Such shipments receive more careful handling and safe delivery is guaranteed in all instances. By this method of shipment we are able to leave all the earth upon the roots of the plants, which will enable them to grow more readily when planted. We always select the very largest plants our stock affords when making shipment in this manner. The customer pays the charges upon delivery of the plants but we always add extras sufficient in value to reimburse him. Express charges are very reasonable to all points in the Pacific Northwest as compared with the same from eastern points.

CANADIAN ORDERS—Only seeds, bulbs and greenhouse grown plants can be sent by parcel post to Canada. Any other plants must go by express prepaid. Every Canadian order must be accompanied with an additional remittance of 20 cents on each dollars worth of bulbs and plants ordered, in order to take care of shipping expense.

MISTAKES—We use great care in filling and packing orders but never-the-less mistakes may occur. Should any happen with your order kindly advise us at once and it will be rectified.

TERMS STRICTLY CASH—Every article in our catalogue is priced, therefore purchasers must know their cost when making out their order. The prices are fixed on a cash basis and as our customers for the most part are unknown to us and as we do not have a system of bookkeeping, our terms are strictly cash with the order.

OUR GUARANTEE—We guarantee all seeds, bulbs and plants true to name to the extent that we will replace any which may through error prove otherwise. We likewise guarantee safe delivery of all seeds, bulbs and plants.

COMPLAINTS—If any, must be made upon receipt of the goods, otherwise they cannot be considered.

REMITTANCES—Send money by bank draft, postoffice or express money-order. Personal checks on local banks only accepted when 10 cents is added for exchange. Postage stamps will be accepted for small amounts.

SMALL ORDERS—No plant orders filled for less amount than 50 cents.

OUR NURSERIES—Are situated at Clarke's Station on the Mount Scott car line. Visitors welcome during business hours.

Address all orders and make money orders payable to

CLARKE BROS., FLORISTS

287 Morrison Street

Portland, Oregon

Admiration for the Rose by the human race dates back to a very early period in the world's history. However it was not until the early part of the nineteenth century that any serious attempt or successful effort was made to improve the family. The French took up the work first followed by the English and Germans. New and improved sorts began to appear yearly with the result that the cultivation of roses became quite general throughout Western Europe and America. In England especially much attention was given them so that today fine rose gardens can be seen on every hand in that country. That our country is not far behind can be attested to by the fact that vast numbers of rose bushes are being sold annually by the rose nurserymen. Our own Pacific Coast is now producing most of the field grown roses sold in the United States. Our climate gives us advantages over our Eastern neighbors in the production of fine rose stock while the amateur may gratify his love for Roses without having to overcome the difficulties encountered in the

East with its rigorous climate.

About Varieties. Our catalogue includes to a great extent the Hybrid Tea class of roses, for nearly all the finest everblooming roses belong to this class. Especially noticeable is the long list of fine yellow and fancy colored roses which grace our collection. Since the introduction of such sorts as Lady Hillingdon, Sunburst, Madame Edouard Herriott, Lyon, Rayon de Or and etc., there is indeed little more to seek in choice varieties of roses.

New Roses. Since the United States Government placed into effect its quarantine law against foreign horticultural products it is no longer possible to offer European novelties as in former years. We must await a three year period before such novelties can be offered. However, our catalogue this year is rich in new roses of American origin several of which were produced on the Pacific Coast. Among the notable new sorts are Miss Lolita Armour, Mrs. S. K. Rindge, Los Angeles, Columbia, Rose Marie, and Edwin Markham. The last named sort is a Clarke Bros. production of sterling worth. Golden Ophelia is another choice offering although it is an English rose.

About Prices. It has been our policy for years to sell our roses at comparatively low prices for the fine grade of stock which we supply. However, roses will never return to the low level of values which prevailed before the great war for the reason that the government quarantine prevents the importation of foreign grown stock which it is admitted can be grown more cheaply. With the barring of foreign stock every florist and nurseryman in the Eastern States is looking to the Pacific Coast for his supply of roses, with the result that prices will remain at a higher level for a long time to come.

Our Two-Year-Old Roses. These roses have all been grown in the open ground and are what is known as nursery grown. They are large, well-branched bushes, each having numerous stout canes from 18 to 36 inches long, according to variety. Every bush will bloom profusely the coming season. It is these field-grown roses on which we have gained an enviable reputation. Such roses cannot be grown in the East and certainly cannot be bought there, unless they have first been shipped from here.

These roses are in a dormant state from November to April and should be planted before growth commences, hence it is imperative that orders be received as early as possible after receipt of this catalogue. These roses should be shipped by express, although since the new Parcel Post Law went into effect it is possible to send them by mail.

Our Young Rose Plants. Those offered this season are fine, healthy plants, propagated last summer and now in three-inch pots. They have been grown cool and will, upon being planted, immediately start into vigorous growth and blossom profusely the first season, except a few of the Climbing and Hybrid Perpetual varieties, which generally do not bloom much until the second season. Being greenhouse grown these roses cannot be planted out until spring has opened up, hence early ordering is not advisable. The young roses are offered to supply a demand from planters who do not care to purchase higher priced stock, such as we offer in our large field grown roses. We can send these roses by mail, but when possible prefer to ship by express, permitting us to leave more earth upon the roots.

EDWIN MARKHAM

GOLDEN OPHELIA

NEW HYBRID TEA ROSES FOR 1923

Strong two-year-old Field Grown Plants at Prices Quoted.

Edwin Markham—This splendid new hybrid tea rose is a production of our nurseries, being a cross between Ophelia and Hoosier Beauty, both well known cut flower sorts. At the request of the literary folk of Portland we gave this rose the well known poet's name. Edwin Markham is remarkable for its strong long heavy canes, each crowned with a magnificent bud, opening into a flower of exhibition size. Color bright rose pink with silvery suffusions. Every flower comes perfect. Wonderfully free blooming and very hardy. Scored very high in the Portland Test Garden of the American Rose Society. We will stake our reputation on this rose. \$1.50 each.

Fragrant Boquet—A new American rose of compact habit of growth with flowers of a delicate flesh pink with the base of petals shaded golden yellow. Sweetly scented and very free. \$1.50 each.

Golden Emblem—A grand new Irish rose of ideal habit of growth with holly-like glossy green foliage, each stem bearing a glorious golden yellow flower of the finest form and remarkable size. In every respect the peer of all yellow roses. \$2.00 each.

Golden Ophelia—Rich golden yellow flowers in greatest freedom on stout wirey stems clothed with glossy dark green foliage. Although not so large as some, the buds are the most beautifully formed of any sort in the entire family of roses. Especially well adapted for cutting and personal adornment. \$1.50 each.

Golden Spray—A rampant growing everblooming rose, with long arching canes forming attractive sprays of golden yellow buds, opening into large single flowers with broad shell-like petals. Very free. \$1.50 each.

Henrietta—Rich orange crimson buds passing to soft coral as flowers expand. Large shell-like petals forming a nicely arranged single flower, finely scented. Unique, striking and attractive. \$1.50 each.

Madame Butterfly—A sport from the popular new rose Ophelia, which may be said to be a glorified form of that fine variety. In this new sort all the

colors are intensified making it a rich harmony of bright pink, apricot and gold. The unopened buds are especially distinct with their lovely shades of Indian red passing to golden yellow at their base. \$1.50 each.

Miss Lolita Armour—A magnificent new rose produced by the same hybridizer who gave us Los Angeles, one of the most popular novelties of the time. Lolita Armour is entirely distinct from any other variety in cultivation. Color chrome yellow at base of petals shaded to coppery orange. Reflex of petals chrome yellow at base shaded to bright salmon. Flowers very large, of finest form, on stout canes. \$1.50 each.

Mrs. S. K. Rindge—A sister variety of Lolita Armour. Buds very long and pointed, rich golden yellow outside of petals stained at base with Indian red. On the style of Rayon de Or and Golden Emblem but believed to be superior to either. \$1.50 each.

Mrs. W. C. Eagan—Finely formed long pointed buds on stout canes. Color soft rose pink with silvery shadings on inside of petals with a base of golden yellow. Remarkably free blooming and very hardy. \$2.00 each.

Senorita Carmen Sert—Rich Indian yellow dashed with carmine. Very large and full flowers on strong heavy canes. Distinct and promising new sort from France. \$1.50 each.

W. C. Gaunt—Bright vermilion tipped with scarlet and shaded maroon. Flowers of grand size and form on strong upright shoots. A new English rose possessing all the qualities of a fine exhibition and garden rose. \$1.50 each.

William F. Dreer—Soft shell pink, base of petals rich golden yellow. Sometimes the entire flower is covered with a golden suffusion. This rose has the same parentage as the well known Los Angeles and like that sort is beautiful in all stages of development from the opening buds to the well expanded flowers. We are quite sure that all who try this variety will be pleased with it. \$2.00 each.

FLORENCE FORRESTER

MRS. ANDREW CARNEGIE

EVERBLOOMING ROSE NOVELTIES

Edward Bohane—Brilliant orange scarlet shaded crimson. Large finely formed flowers produced with greatest freedom. A splendid garden and exhibition rose which we regard as one of the very best of its color. \$1.50 each.

Ethel Dickson—Deep salmon rose color with silvery shading on reverse of petals. Large full high centered flower, freely and constantly produced. A splendid variety from Ireland. \$1.50 each.

Ethel Malcolm—Ivory white tinted with pearl. Fine large perfect shaped flowers in great freedom all season. A splendid garden rose. \$1.25 each.

Charles E. Shea—Deep rose pink flushed with silver. Exquisite shaped buds opening into perfect bloom of immense size. One of the best new Irish roses as seen in the Portland Test Gardens. \$1.50 each.

Florence Forrester—Buds ivory-white tinged with lemon, opening into a large snowy-white bloom. Grandly formed flowers with high-pointed center. Vigorous in growth and very free blooming. One of the finest new roses. \$1.25 each.

Gladsy Holland—Rich buff shaded orange yellow and pearly peach; a beautiful combination of coloring most pleasing and quite distinct. Of the finest size and form, with every quality of an exhibition and decorative rose. \$1.25 each.

G. Amadee Hammond—Rich cadmium yellow flowers of fine size and form on stout upright stems. A valuable addition to our list of yellow roses. Valuable alike for exhibition or garden decoration. \$1.25 each.

Imogene—Orange yellow flushed with lemon. Large finely pointed buds opening in full perfect flower. A fine garden rose. \$1.25 each.

Janet—Rich golden ochre shaded to fawn. Immense full flowers produced in great abundance all season. A splendid garden and decorative rose. \$1.25 each.

Kitchener of Kartoum—Dazzling scarlet. Single flowers in great masses. A wonderful new decorative rose. Should not be pruned but allowed to grow naturally. Something different. \$1.25 each.

Madame Jules Bouche—Lemon white tinged with pearl at base of petals. Very large, full, well formed flowers on fine stout stems. One of the finest new roses from Europe. \$1.25 each.

Madame Caristie Martel—Strong growing new French rose with very large globular flowers with large shell-like petals. Color golden yellow flushed to sulphur on edge of petals. One of the very largest yellow roses yet produced, and a most distinct novelty. \$1.50 each.

Marchioness of Ormonde—Outside petals rich chrome yellow shaded to honey yellow at center. Very large full and beautifully formed. Wonderfully free and constant blooming. A splendid new Irish rose. \$1.25 each.

Modesty—Buds very long and pointed with prominent outer or guard petals, having a heavy veneering of vermilion-rose with the remainder of the flower of a pearly cream color. Very distinct in form and color from anything heretofore produced. \$1.25 each.

Mrs. Amy Hammond—Ivory white tinted rosy apricot. Large full flowers, nice long pointed buds. Splendid healthy grower and very free in bloom. A fine garden and exhibition rose. \$1.25 each.

Mrs. R. D. McClure—Brilliant salmon pink tinted with pearl. Flowers very large, full and finely formed with long pointed bud. Very free and constant. A splendid new Irish exhibition rose. \$1.25 each.

Mrs. Andrew Carnegie—Ivory white shaded to lemon at base of petals. Flowers very large and full, produced with great freedom. A fine exhibition rose and equally desirable for bedding. We regard this as one of the finest white roses in existence. \$1.25 each.

COLUMBIA

T. F. CROZIER

CHOICE NEW EVERBLOOMING ROSES

Strong Two-Year-Old Field Grown Plants at Prices Quoted

Candeur Lyonnaise—A grand new pure white rose of the Hybrid Perpetual class producing flowers of magnificent size and form. A giant in growth this new rose promises to rank among the finest sorts of its color yet produced. A grand sort for the exhibition table as well as a fine decorative garden variety. \$1.00 each.

Charles de Lapsis—Satin rose pink flowers of fine size and form. Of wonderful substance and produced in great freedom. One of the best new roses in our collection. \$1.00 each.

Cleveland—Vigorous stout branching growth with large handsome foliage. Flowers of fine size and form. Color a new shade of old rose heavily flushed with reddish copper with base of petals deep coppery-yellow. \$1.00 each.

Columbia—This fine Hybrid Tea Rose is a cross between two well known cut-flower varieties, Ophelia and Mrs. George Shawyer, both notable for their freedom of bloom. Columbia is a giant in growth with magnificent dark green foliage absolutely free of mildew in any location. The flowers are a bright rose pink of glistening freshness, immense size and of elegant form. They are produced on stout canes well above the plant. Needs very little disbudbing. Winner of a Gold Medal from the American Rose Society. Young plants 30 cents each. Two-year old \$1.00 each.

Constance—Buds long and pointed, of a rich orange yellow color distinctly streaked and splashed with crimson near base of petals, passing to large full flowers of bright cadmium yellow. \$1.00 each.

Duchess of Normandy—Soft flesh pink overlaid with golden yellow. Fine strong upright growing Irish rose of sterling merit. \$1.00 each.

Gorgeous—Strong, vigorous, free branching growth, handsome dark olive-green foliage. Flowers very large and full, exquisitely formed, produced freely and continuously on stout erect stems. Color copper, a most striking combination of colors. A very fine bedding rose and an exhibition rose of the first magnitude. \$1.00 each.

Los Angeles—This fine American rose is enjoying a popularity unequaled by any other variety of late years. It is making a fine record in all sections of the country, its hardiness permitting it to be planted in the eastern section of the United States. Los Angeles belongs to the Hybrid Briar class of roses which have given us such fine sorts as Lyon, Madame Herriot and Rayon de Or. The buds are long and pointed expanding into a flower of fine size and form. The color is a luminous flame pink toned with coral and shaded golden yellow at the base of petals. A fine strong grower, throwing up stout canes and strong lateral growth all of which gives a profusion of bloom hardly equaled by any other rose. \$1.00 each.

Louise Catherine Breslau—Coral red, shaded chrome yellow, opening into a large well-formed flower of shrimp pink shaded coppery orange. \$1.00 each.

Madame Marcel Delany—Flowers large, full, perfect in form and borne on rigid stems of fine length. Color soft pink shaded to Hydrangea. Winner of the Gold Medal Bagetelle Gardens, Paris. \$1.00 each.

Margaret Dickson Hamill—Delicate straw color, its shell-like petals flushed at the edges on the reverse side with delicate carmine-rose. Strong in growth, free blooming and exquisitely fragrant. Bronzy green foliage on deep crimson leaf-stalks. Very distinct and a gem among new roses. \$1.00 each.

Mrs. Bullen—Rich cochineal-red shaded with yellow and passing to carmine-lake. Strong growing, free blooming, its bright colored flowers make it a most valuable garden rose. Very distinct. \$1.00 each.

Mrs. Cornwallis West—Soft shell pink with silvery shadings. Long pointed buds and very large full flowers freely produced. Fine exhibition rose. \$1.00 each.

Veluwezoom—Deep carmine pink, suffused with gold at base of petals. Very large, full, perfect flowers on stout canes. A splendid garden rose. \$1.00 each.

Noblesse—Flowers rich apricot yellow, petals bordered and flushed with pearl pink. An exquisite fancy colored variety, most striking and distinct. Sweetly scented and wonderfully free blooming. Valuable for garden decoration and cutting. \$1.25 each.

Premier—A grand new American pedigreed rose raised by the eminent rosarian, Mr. E. G. Hill, who when he saw it growing in the Portland Rose Test Gardens did not recognize the variety, it was indeed so fine. Growth very robust, luxurious foliage surmounted by massive dark pink flowers of wonderful substance. Especially beautiful in bud state. Keeps finely when cut. One of our most popular forcing varieties and just as valuable for the garden. \$1.00 each.

Raymond—Color orange, carmine shaded to peach blossom, base of petals rich coppery yellow. A new French sort belonging to the same class as Lyon, Madame Herriot and Golden Emblem. Flowers large, full and globular. A hardy and free blooming bedding rose. \$1.50 each.

Rose Marie—This new American variety is remarkable for its freedom of bloom and its beautiful buds and well formed flowers. Color a fresh even shade of rose pink. The buds are long and pointed unfolding evenly into a large full flower. Our experience with this new rose has been most gratifying and we have no hesitancy in recommending it as one of the very best everblooming roses of the day. \$1.00 each.

T. F. Crozier—Strong free branching grower making a large vigorous bush. Flowers very large, making a large vigorous bush. Flowers very large, full and globular with high built center, produced freely all through the season. Color bright canary yellow shaded and flushed with ivory. A rose of great beauty and refinement, one of the most valuable garden and exhibition roses of recent years. \$1.00 each.

Ulster Volunteer—Large single flowers with shell-like petals produced in great masses. Color bright scarlet shaded to white at base of each petal. A wonderful decorative rose. \$1.00 each.

NEW EVERBLOOMING ROSE LOS ANGELES

DUCHESS OF WELLINGTON

H. V. MACHIN

FINE ROSES OF RECENT INTRODUCTION

In making a selection of varieties for these two pages we have brought together a list of sorts of unquestioned merit, they being among the very best new kinds which have appeared in the past few years. Such sorts as Lyon and Rayon de Or are already well known, belonging as they do to a new class known as Per-netiana Roses. This list includes many fine new Irish roses with a wealth of foliage and bloom and which are making a fine record in the gardens of the Pacific Northwest. We have no young plants of these roses to offer this season, our stock being entirely of the field grown bushes.

Price: Two-year-old plants only, \$1.00 each (except as noted).

Admiral Ward—Crimson red shaded fiery scarlet and velvety purple. Large full globular flowers freely produced. Vigorous erect growth with large glossy green foliage. A most distinct bedding rose.

August Hartmann—Brilliant red flushed with orange. Very large well formed flowers with high pointed center. Prominent in all the English Rose Shows each season.

Cheerful—Large full flowers of perfect shape and form, with enormous individual petals and grand general character. Color, rich orange flame over-spreading the petals to a distinct orange yellow base.

Colleen—Beautifully shaded buds of the Killarney type, opening into large finely formed flowers. Color rose-pink heavily shaded with crimson. Very distinct.

Crimson Emblem—A superb new Irish rose of a rich glowing crimson heavily shaded with maroon. Buds and flowers of fine form and size produced freely on long stout stems. A splendid garden rose and worthy of extended cultivation.

Duchess of Wellington—Intense saffron yellow stained with rich crimson. Very large and of fine form. Beautiful in bud as well as open flower. One of the finest offerings of recent years.

Edgar M. Burnett—Light flesh pink shaded to rose. Beautifully shaped buds and full perfect flowers. Much thought of in England for garden and exhibition.

Grange Colombe—Very large, full cup-shaped flowers on stout stems. Color creamy white with base of petals heavily flushed with yellow. Very hardy.

H. V. Machin—A splendid new exhibition rose in great demand by exhibitors at the English rose

shows where it has made a name for itself because of its grand scarlet crimson flowers of such wonderful size and form. The buds are long and pointed unusual in a red rose. The foliage is ideal. The flowers are rigid stems of erect growth. We can recommend this as being one of the most beautiful of all red roses.

Lyon—The remarkable new shades of color seen in this rose makes it easily the most popular new sort. The flowers are of a superb shrimp-pink color with salmon and chrome-yellow shadings, beautiful beyond description. The buds before opening are of a beautiful coral red with golden yellow at base of petals. Very large and beautifully formed on strong stems. Blooms continuously from early Summer until late Fall.

Madame Melanie Soupert—A superb fancy everblooming rose, of strong vigorous growth and free branching habit. Color golden yellow shaded to orange yellow at base of petals, the whole beautifully flushed with orange-pink. Fine long pointed buds of elegant outline opening into a very large fluffy flower of great beauty.

Mrs. Alfred Tate—Coppery red shaded with fawn. Flowers of good size, finely formed and freely produced. A fine garden and decorative rose.

Mrs. Ambrose Riccardo—A beautiful new yellow Hybrid Tea Rose from Continental Europe. Wonderfully free blooming and vigorous growing for a rose of its class. Buds beautifully formed, honey yellow, very sweet scented.

Mrs. Bertram J. Walker—Strong upright branching habit with abundant dark green foliage. Flowers large, of symmetrical form abundantly produced all through the season. Color deep cerise pink, of a novel and distinct shade holding its rich color to the very last.

ORDER SHEET FOR PLANTS AND BULBS

[illegible]

Write below the names and addresses of your friends who cultivate flowers and we will add a Choice Plant or Bulb to your order, free.

[illegible]

Mrs. Charles Russell—Strong, rank growth, canes stout and thornless, clothed with handsome dark-green foliage. Flowers very large and massive. Form globular and very full. Remarkable for its fine lasting qualities either on or off the plant. Color bright rich cerise shaded to scarlet at center. This variety has proven to be the finest cut flower rose of the day. Every first-class flower store in the country keeps it on sale. In our rose field this year a row of it was a striking object—so covered were the plants with brilliant colored flowers.

Mrs. Foley Hobbs—Delicate ivory white flushed with pearl at edge of petals. The huge shell shaped petals produce a bloom of grand size and build. One of the few pure Tea Roses we now catalogue. A grand variety for the exhibition table.

Mrs. Samuel Ross—Light straw yellow shaded to chamois yellow. Buds of fine size and form developing into blooms of great refinement. A garden and exhibition rose of the highest rank. Like many other fine sorts, hails from Ireland.

Mrs. Wemyss Quinn—Intense chrome yellow washed with madder-orange. Opens into a large canary yellow flower. Very free and perpetual. One of our finest new sorts.

Nellie Parker—Strong vigorous upright growing with large handsome dark green foliage. Flowers very large, full and beautifully formed, freely produced. Color pale creamy white shaded and flushed rose at base of petals.

Old Gold—A free blooming garden rose with mildew-proof foliage and producing an abundance of elegantly formed flowers of wonderful coloring. Vivid reddish orange with copper and apricot shadings. A very fine bedding rose.

Rayon de Or—This fine novelty is without doubt the deepest of all yellow roses yet produced, holding its color to the very last. It is a fine grower of free-branching habit, with beautiful bronzy green foliage practically immune from mildew. Strictly ever-blooming, every shoot being crowned with a flower. Buds long and pointed, of deep copper color, smeared with claret. Flowers, when expanded, of the richest cadmium yellow ever seen in a flower.

Red Letter Day—Brilliant glowing crimson scarlet, opening into medium-sized cactus-shaped flower of curious formation. One of the freest blooming roses extant. Makes a fine decorative subject and equally desirable for bedding.

NEW EVERBLOOMING ROSE MRS. CHARLES RUSSELL

NEW ROSE LYON

MILDRED GRANT

RARE NEW FANCY EVERBLOOMING ROSES

Price: Two-year-old plants, \$1.00 each (except as noted).

Edith Part—Another grand exhibition rose as well as an ideal garden variety. Free branching growth with well built up flowers of great substance. Color, rich red suffused with deep salmon and coppery yellow.

Irish Fireflame—A beautiful single rose of Irish origin, bearing profusely elegant shaped buds of an orange crimson color, opening into single blooms of a coppery yellow color flushed with ruddy crimson. Fine for cutting.

Irish Elegance—Bronzy orange in the bud opening into large single flowers in rich shades of copper and orange. A wonderful rose for garden decoration and admirably adapted for cutting. Nothing could be a more graceful house decoration than a bowl of these roses. Very popular in England.

Irish Simplicity—Pure white, immense single flowers with light shell like petals of great substance. Rank grower. Fine for massing and garden planting.

Lady Pirrie—Deep copper shaded to apricot and salmon. Strong erect growing and free blooming. Grand exhibition rose.

Le Progress—Lovely nankeen yellow buds opening into saffron yellow flower borne on long erect stems clothed with beautiful light green foliage.

Madame E. Rostand—Beautiful buds of a delicate flesh pink heavy shaded with orange yellow at the base. A rare combination of color.

Marquise de Sinity—A grand new French Rose coming from the raiser of the Lyon Rose. Color a beautiful intermingling of copper and yellow. Flowers very large and perfectly formed.

Melody—Beautifully shaped buds of a rich saffron yellow shaded to primrose at edge of petals. Wonderfully free in bloom all through the season.

Mildred Grant—blooms of enormous size, pointed in bud state, opening into very large, widely expanding flowers. Beautiful shell-shaped petals of remarkable substance. Color an exquisite shade of light pink suffused with ivory white.

Miss Alice de Rothchild—A fine new tea rose producing beautifully shaped buds of a rich golden yellow color. Does not fade as do many varieties of this color.

Molly Sharman Crawford—We predict a great future for this grand snow-white rose. It is one of the freest branching and fastest growing in the whole rose family. The blooms are of the grandest size, of elegant form and build.

Mrs. Herbert Stevens—Long beautifully pointed buds, large full flowers, ivory white with shadings of peach and fawn at edge of petals.

Mrs. Joseph Welch—Large sharply pointed buds with immense guard petals of remarkable substance. Color rose-pink with silvery shadings. Magnificent exhibition rose.

Mrs. Edward Powell—Rich crimson scarlet flushed with maroon. One of the finest garden and exhibition roses that have come to our notice. Very free and sweetly scented.

Mrs. Franklin Dennison—Porcelain white veined primrose yellow deepening to ochre at base of petals. Very large full flowers of splendid build on strong upright canes. A fine exhibition rose as well as suitable for garden decoration.

Queen of Fragrance—Fine large pointed buds opening into large well formed flower. Color rose pink with silvery shadings. As its name implies, it is exquisitely fragrant. A fine garden rose.

Theresa—Strong, vigorous, upright growing rose. Produces canes of fine length, each surmounted with a beautiful long pointed bud opening in fine large bloom. Color rich orange and apricot shaded with madder. A glorious fancy rose.

William Shean—A fine grower, throwing up long stiff canes crowned with large pointed flowers of purest Killarney pink, full, free and a perpetual bloomer.

Willomere—Coral red buds opening in a large full flower of a rich shrimp pink shaded to gold. A splendid new French rose which we regard as one of our finest sorts for every purpose.

Earl of Warwick—A fine Irish rose producing large full well formed flowers. Color rich salmon pink shaded with vermilion and gold. A splendid garden rose.

Colonel Le Clerc—Cherry red washed with carmine, a distinct and brilliant color. Fine large globular flowers on long stems.

BETTY

MRS. WAKEFIELD CHRISTY MILLER

SELECT EVERBLOOMING ROSES

Price: Two-year-old plants, 75c each (except as noted)

Betty—Beautiful coppery rose color overspread with golden yellow. Deliciously fragrant, very large, fairly full, and of glorious form. Superb decorative variety for the garden, fairly glows with brilliancy.

British Queen—Very large finely formed flower opening freely in all weathers. Color pure white sometimes tinged with flesh. A new Irish rose of the highest order of merit.

Chateau Des Clos Vougeat—Deep velvety crimson shaded with blackish maroon. The nearest approach to a black rose. As if cut from so much velvet, the most wonderful rose in color and texture.

Duchess of Sutherland—Growth erect and vigorous, with large full finely formed flowers on stout canes. Color, warm rosy pink with lemon yellow shadings upon the white at base of petals.

Farbenkonigen (Queen of Colors)—This is well named the Queen of Colors; our own personal opinion is that there is no finer rose grown than this beautiful sort. It is large and full; color bright carmine and rosy-crimson overlaid with a satiny silver sheen. Very floriferous. Simply grand.

George C. Waud—Glowing orange vermillion shaded bright scarlet. One of the richest colored roses in existence. A fine garden and bedding rose.

Gloire de Chedane Guinoisseau—Brilliant vermillion red, shaded deep velvety red. Very large and full. Of beautiful form. One of the coming red roses having all the requisites of a fine bedding rose.

Improved Rainbow—This beautiful rose is all that its name implies—an improved form of that well-known ever-blooming rose, Rainbow, which, it will be recalled, is a sport from Papa Gontier, one of our finest budding roses. The habit and growth is identical with the older varieties but the bloom are very distinct, being a bright scarlet heavily dashed and striped with golden yellow.

Joseph Hill—An extraordinary strong, heavy grower, producing stiff canes and dark foliage. The bud is enormously large and long pointed, opening into a monster bloom of the most beautiful and clear shades of pure salmon, bright pink and pure gold.

Madame Ravery—Another excellent yellow bedding rose, which is not so well known as its merits would seem to justify.

Madame Leon Pain—Flowers large, full and free in opening; silvery salmon, center orange yellow, reverse bright red and yellow. In our gardens the past Summer it has at all times been a grand sight, bearing a great profusion of exceedingly large brilliant roses.

Mary Countess of Ilchester—A rose of great distinction and charm with vigorous erect growth and attractive dark green foliage. Color a rich shade of crimson-carmine.

Mrs. Wakefield Christy Miller—Soft pearly blush shaded to salmon, outer side of petals darker. Flowers large, of loose formation and novel appearance. A grand variety for cutting, producing its flowers on stout long stems. Its delicate colorings are charming in effect.

National Emblem—Deep velvety crimson shaded to vermillion at edge of petals. Long pointed buds on stout wiry stems. Very sweet scented.

Perle des Jardines—A grand old yellow tea rose, famous for its beautifully shaped buds and its free blooming proclivities. Possesses the true scent and is very lasting. Rich golden yellow holding its color to the last.

Prince of Bulgaria—A very vigorous grower, with large bright green foliage, beautiful form of bud, flower very large and full. The outer petals are extremely large, of superb rosy flesh color, center of flower orange; very fine and very free.

Rhea Reid—Raised by the eminent American rosarian, Mr. E. G. Hill, this choice garden rose stands as a monument to his skill as a hybridizer. The flowers are of fine size and build, double to the center. Color a rich shade of cerise-crimson.

Honorable Ina Bingham—Pure rose-pink of delightful shade. Immense shell-like petals, deeply veined. Fine strong grower, every shoot carrying a fine bloom. Very distinct.

LADY HILLINGDON

MODERN ROSES OF PROVED MERIT

When a new rose reaches us from the introducer a part of the stock is immediately planted in our testing grounds to ascertain its possibilities as to quality of bloom and productiveness. Inferior varieties, when they become known as discarded. All the sorts on this and the following page have stood our test and we are cataloguing them in the belief that they will all become generally well known varieties. As our heading states they are modern roses of proved merit.

Price: Young plants, 30 cents each; 2-year-old plants, 75 cents each (except where noted).

Antoine Rivoire—Rosy flesh color shaded at base to golden yellow. Very large, fine form, free in bloom. A splendid bedding rose. Fine for cut flowers.

Alexander Hill Gray—Very large and full with finely formed buds. Rich golden yellow. Exquisite tea scent. A splendid rose.

A. R. Goodwin—Coppery orange red passing to salmon pink as the flower expands. A superb combination of colorings which is most striking and attractive. One of the most distinct new sorts and a most valuable addition to our list of fancy roses. Two-year old \$1.00 each.

Edward Mawley—This fine Irish Rose justly deserves all the praise bestowed upon it in Europe last season. Created a furor at the English Rose Shows. Of grand size and build and a free, continuous bloomer. Color intense crimson scarlet and of velvety texture.

George Arends—This fine new Hybrid Perpetual Rose bears some resemblance in growth and bloom to that famous hardy white rose Frau Karl Druschki. The flowers are of large and massive proportions, surmounting stout almost thornless canes in a most imposing manner. The color is a delightful fresh and bright shade of pink with silvery suffusions. This new sort impresses us as being one of the most valuable varieties that have appeared for many years.

George Dickson—Very large, full and perfectly formed flowers freely produced. Color, blackish crimson of velvety texture, reverse of petals heavily veined with crimson maroon. A magnificent rose, invaluable for exhibition.

General Superior Arnold Jensen—Fine long well-formed buds, perfectly formed well filled flowers of fine size carried on strong canes. Color deep glowing carmine tinted with rose. A robust growing, free blooming rose of the greatest merit for general cultivation.

Hadley—A grand new dark-colored rose of American origin which has proven to be a wonderful variety for hot-house forcing and which is equally desirable for out-door cultivation. The outstanding feature of this rose is the wonderful substance and texture of the petals. At times they appear as if stamped out of crimson velvet cloth. Strong rank grower with stout upright canes clothed with bronzy-green foliage. Buds of elegant shape and flowers perfectly formed. Color deep velvety crimson sometimes shaded black, retaining its brilliancy at all seasons of the year.

Harry Kirk—Might well be called the yellow Killarney with buds and flowers very similar in shape in size. Color deep yellow shaded to sulphur at edges of petals. The petals are broad, smooth and rounded, of fine substance and very lasting. A splendid addition to the list of yellow roses.

Hoosier Beauty—A grand new hybrid-tea rose of American origin having been produced by a well known hybridist in the State of Indiana. Flowers dark crimson shaded with maroon and veined with black. Petals of remarkable substance—like so much crimson velvet. Buds beautifully formed with fine pointed shape opening into large double flower. Two-year-old, \$1.00 each.

Jonkheer J. L. Mock—The pink giant from Holland, being head and shoulders above other new varieties in growth and the production of large massive flowers. It is of the type of La France with large round blooms surmounting its stout almost thornless canes. Color rich bright pink faced with carmine.

Lady Hillingdon—Deep apricot yellow, long and pointed bud, a fine forcing or garden rose, excellent for cutting. Flowers are of good substance, very lasting and foliage handsome and luxuriant. Lady Hillingdon is considered the best decorative rose in its class. This aristocratic beauty is a seedling from Papa Gontier and Madame Hoste, and was the recipient of several Gold Medals at English Rose Shows. Two-year-old plants \$1.00 each.

Lady Ursula—Exquisite shade of flesh pink in a crisp well shaped bloom of fine size. A rank growing and free blooming sort of great merit.

Laurent Carl—One of the richest and most brilliant colored roses in our collection. Beautiful shaped buds expanding into large full blooms. Color rich velvety carmine shaded to bright scarlet. Strong robust grower and perfectly hardy.

Madame Edouard Herriot—This fine garden and exhibition rose is the product of the skill of that peer of rosarians, M. Pernet Duchere, of Lyons, France. This fine sort is of strong vigorous growth and spreading habit with thorny light green canes beautifully furnished with bright green leaves. The buds are long and pointed, of a deep coral red color shaded to orange yellow at the base of petals. Opens into a finely formed flower of wonderful shade of rosy scarlet flushed with shrimp and apricot tints. Two-year old, \$1.00 each.

Mrs. Aaron Ward—One of the most delightful roses of recent years in a color that catches the eye at once—a deep golden orange color shading out to lemon or creamy-yellow at the edge of the petals. Some describe the rose as an Indian yellow. The buds are cupped and very deep, showing the glowing heart to the best advantage. Two-year-old plants \$1.00 each.

Madame Segund Weber—Large long pointed buds opening into finely formed flower of wonderful substance. Color light rosy flesh shaded with salmon. A bedding and cut flower variety of the highest degree of merit.

Ophelia—A grand new Hybrid Tea Rose produced by the well known English rosarian, Wm. Paul. This fine novelty is remarkable for its strong upright growth, handsome leathery foliage and the exquisite coloring of its beautifully formed buds and flowers. The color is a delicate salmon, petals prettily edged with rose while the center of the flower is a rich mingling of orange and copper shades. It is so entirely distinct in color from all other varieties as to be readily identified among any number of roses. The most popular cut flower variety of the present time, the blooms being in great demand in every section of the country.

Pharisaeer—Pearl white tinted salmon. Large, long pointed flowers. Very free and perpetual. Splendid bedding rose.

President W. R. Smith—Lovely silvery pink buds and flowers on strong almost thornless canes. Elegant shaped buds and flowers. Fine strong growth. One of our finest.

President Taft—A fine American pedigreed rose with sterling qualities as a bedding rose. Flowers bright pink of an attractive shade. Wonderfully free, never without flowers.

Sunburst—A veritable giant among yellow roses throwing up heavy canes clothed with most ornamental foliage and crowned with glorious buds and flowers. The buds are very long and of most beautiful form, opening into a gorgeous colored flower. The color is a rich cadmium-yellow shaded with orange and copper. One of the very finest yellow roses yet raised. Comes from the eminent French rosarian M. Pernet Duchere who has given us a number of fine new yellow roses of late years. Two-year old plants \$1.00 each.

SUNBURST

GENERAL McARTHUR

MADAME CAROLINE TESTOUT

KILLARNEY COLLECTION

On this page we offer a select list of very best garden varieties in cultivation. Like all the roses on preceding pages these sorts will bloom profusely the first season, even the small plants producing freely their lovely colored and delightfully scented flowers. Two year-old plants will, of course, yield a greater profusion of flowers, owing to the large size of the plants.

Price: 25 cents each, set of 12 sorts, \$2.50; 2-year-old plants, 75 cents each, set of 12 sorts, \$7.50

Etoile de France—This famous French Rose probably needs no extended description, for it is already quite well and favorably known. Flowers globular, very full and lasting, borne on stiff stems, well above the foliage. Color deep velvety crimson of much richness and brilliancy. Remarkable for its strong growth and free blooming qualities.

Franz Deegan—One of the strongest growing of all the yellow ever-blooming roses. Throws up strong canes from the ground, each one crowned with a glorious golden yellow flower of beautiful form and great texture.

J. B. Clarke—New Irish variety of great merit either for garden decoration or for cut flowers. The color is bright crimson shaded maroon; petals large, well-shaped and of immense substance; flowers very full and perfectly formed. Growth vigorous and tree-branching habit; flowering freely and continuously from early Summer until late Autumn.

Killarney—The new Irish Beauty. Color an exquisite shade of deep shell pink lightened with silvery pink. The base of the petals is a soft silvery white relieved with enough yellow to make it more attractive. The buds are exceptionally long and beautifully formed, the open flower is graceful in the extreme.

General McArthur—A grand crimson scarlet Hybrid Tea Rose. It is very free-blooming, every shoot producing a beautiful and richly colored bud and flower, which does not fade in the hottest sun. The flowers are large, double, of fine form, and very fragrant. It is one of the most prominent sorts at the Portland Rose Show.

Madame Caroline Testout—A grand Hybrid Tea rose of the La France type of stronger growth, and a more constant bloomer. Flowers very large of a bright satiny pink color. Very fragrant. This is the rose which made Portland famous as the Rose City. Special low price on two-year old plants. 60 cents each. \$6.00 per dozen.

Maman Cochet—This with its white sport we consider the finest Tea Roses ever produced. Very rank growing for a variety of its class. Strong canes almost thornless springing from the base all season long. Magnificent buds opening into flowers of grand size and build: very lasting and of sweet tea scent. Color deep rosy pink, inner side of petals shaded silvery rose. Fine for massing in beds.

Mrs. Arthur Waddell—A strong rampant-growing Hybrid Tea Rose, with foliage that is ornamental in itself. Large long pointed buds of a bright rosy scarlet opening into a finely formed flower of a rich apricot or salmon color.

Radiance—A giant growing new pedigreed rose of the greatest merit. Simply wonderful in its rankness of growth and freedom of bloom. The long straight canes, with their handsome foliage each terminate in a large full flower of globular form of great sweetness. Color rich bright cerise, entirely distinct from any other known variety.

Viscountess Folkstone—Flowers borne on strong stems, with thick foliage; color delicately tinted flesh, almost white, with beautiful satin finish: one of the most beautiful varieties in cultivation; should be in every collection.

White Killarney—This elegant new rose first made its appearance in a well-known New England nursery, where it sported from the famous Irish Rose, Killarney, now grown more extensively for cut flowers than any other variety. However, we have found the new visitor far superior to its parent as regards vigor, size of flower and ability to resist disease.

White Maman Cochet—Has all the good qualities of Maman Cochet, but pure white, equally large and fragrant, hardy and productive. One of the very best white ever-blooming roses for bedding, flowering all season long and until late in the Fall

HEDGES OF ROSES, PORTLAND, OREGON

Standard Collection FINEST EVER-BLOOMING ROSES

Price: Young plants, 25 cents each; set of 12 sorts, \$2.50; 2-year-old plants, 75 cents each; set of 12 sorts, \$7.50

American Beauty—One of the largest, sweetest and best of all hardy roses. It is a quick grower, constant bloomer, making magnificent buds and large bold flowers; color, rich rosy crimson, shaded and veined in the most charming manner.

Florence Pemberton—Creamy white flushed with pearl. Very large and full, of perfect form and wonderful substance. One of the finest exhibition roses ever produced.

Gruss en Teplitz—Color fiery crimson, with a dark velvety sheen, very fragrant. The freest blooming rose in existence. The mass of color produced is wonderful, and the handsome foliage adds materially to its beauty.

Kaiserin Augusta Victoria—A strong, vigorous grower, producing buds and flowers of enormous size. Color pure white. We have no hesitancy in saying that this rose is unequaled by any other variety of its color.

Lady Ashtown—Pale Rose du Barri, shaded to yellow at base of petals. Reverse side of petals silvery pink. Large, long pointed buds, opening into a beautifully formed flower. A rare and most beautiful variety.

La France—Although this fine rose has been in commerce for many years and has at this time many rivals in the newer sorts, it is still one of the best varieties in existence. Its fine, strong growing habit, with its freedom of bloom and exquisite fragrance, has caused it to become more generally known than any variety ever produced. The buds are very large, of grand form, unfolding in the most beautiful manner. The open flowers are full and very lasting, making the variety most desirable for cut flowers. The color is an exquisite livery pink, with pale lilac shadings and a satiny sheen over the whole.

Mad. Abel Chatenay—A rose of extraordinary merit. A free-bloomer, with flowers of good size and substance. Color beautiful rosy carmine, with darker shadings. One of our finest decorative and garden roses and always in great demand.

Papa Gontier—A magnificent red rose; flower large and semi-double; a vivid cherry red color, shaded yellow, reverse of petals crimson; free-growing and flowering very profusely. One of the very best for open ground. No other red Tea Rose can compare with it.

Richmond—Color a magnificent rich scarlet-crimson, the most vivid we have yet seen among ever-blooming roses. Flowers of fine size and form produced on long stems well above the foliage. One of the sweetest roses in existence.

Souvenir de President Carnot—A strong growing Hybrid Tea rose with handsome bronze-green foliage. Elegant shaped buds opening into a very large flower with heavy shell-like petals. Color delicate rosy-flesh shaded deeper in the center. A splendid garden rose.

White La France—This magnificent rose is a pure white La France having just a breath of rose-tinted blush, decidedly clouding the depth of its broad petals, the buds and flowers are extra large, very full and finely formed.

Winnie Davis—Color rich apricot pink, shaded to flesh at base of petals. Beautifully formed buds and flowers. Very free in growth and bloom. So fine a rose that the town of Puyallup, Washington, has made it the official flower of the city.

HYBRID PERPETUAL ROSES

Hybrid Perpetual Roses are among the grandest of roses, and are hardy in all parts of the country. The flowers are very large, of delightful fragrance, and the colors are generally darker and richer than the ever-blooming roses. The Hybrid Perpetual Roses are very strong growing and need no special cultivation to secure the finest blooms. In fact, they will take care of themselves better than any other class of roses. A large per cent of our finest garden roses will be found in this section.

Price: Two-year-old plants, 75 cents each (except where noted).

JULIET

Austrian Copper—A single-flowered rose of the June-flowering type. Rich, copper colored flowers in clusters.

Baroness Rothschild—Flowers of immense size, and fine globular form; somewhat cupped; color bright rosy pink; very handsome. This fine old rose still holds its reputation as a producer of the flowers for exhibition. One of the best.

TREE or STANDARD ROSE

As can be seen by the accompanying cut, Tree or Standard Roses are stately objects for lawn or for interspersing among other plants in the hardy border. They are produced by grafting buds or eyes of various sorts upon stout canes of a wild rose. By cultivating several seasons, they produce large heads of growth and bloom quite profusely as bush roses. In fact, many sorts produce finer flowers upon standards than on ground roots. These roses lend themselves handsomely to planting in rows along walks or fences. Our stock this year has extra heavy heads, standing 4 to 5 feet from the ground. We grow only a few of the best varieties in this class. Being quite bulky and heavy, these roses must be forwarded by express. We offer the following fine sorts:

Price \$2.50 each.

Frau Karl Druschki—White.

Madame Caroline Testout—Rich pink. Best of all standard roses.

Columbia—Rose pink.

Hadley—Velvety maroon.

Hoosier Beauty—Deep crimson.

Madame Edouard Herriot—Apricot.

Ophelia—Pink and yellow.

General McArthur—Red.

Los Angeles—Bronzy pink.

Beaute de Lyon—Large refined flower of a rich coral red, nicely shaded with yellow. A seedling of Soliel de Or; very superior to that variety both in growth and flower.

Black Prince—Rich crimson maroon, very double, of good size and lasting.

Captain Christy—Color a lovely shade of pale peach, deepening at the center to a rosy crimson; flowers very large, sweet and exquisitely beautiful. Sturdy, almost thornless canes, each topped with a magnificent flower.

Captain Hayward—This is probably the grandest of all red Hybrid Perpetuals. The bloom is of the largest size. Color deep glowing red, flushed with crimson. A free bloomer; deliciously perfumed.

Conrad F. Meyer—A most valuable addition to the list of hardy free-blooming roses. The color is a beautiful pure silvery pink. It is of ironclad hardiness.

Elizabeth Rowe (Moss Rose)—Pretty pink buds nicely mossed. An old favorite.

Gloire de Margottin—Brilliant scarlet; the brightest colored rose yet raised; beautiful long pointed buds opening into a large globular flower.

Juliet—Flowers beautifully formed, with petals of fine shape and substance. The color is a bright orange red on the inside of petals, while the reverse side is of a rich old gold color, such a novel combination of colors as to be noticed by all.

Margaret Dickson—Large flowers, elegantly formed and well presented on long, stiff stems, pure white with pale flesh center and magnolia fragrance.

Mouseline (Moss Rose)—Pretty pure white buds nicely mossed. Popular in years gone by.

Soleil D'Or (Golden Sun)—Flowers very double, most beautiful when full blown, a superb color, varying from gold and orange yellow to reddish gold and shaded with nasturtium red.

Imperishable Collection

TWELVE FINEST HYBRID PERPETUAL ROSES

In this superb collection we have brought together twelve of the finest garden roses that our long experience has brought to our notice. We heartily recommend this set of roses to everyone wishing a fine bed or row of roses of hardy, free growth and fine blooming qualities. Several of the sorts produce the finest and largest buds and flowers found in the Rose family. No mistake can be made when you plant this collection.

Price: 30 cents each; set of 12 sorts, \$3.00, 2-year-old plants, 60 cents each.

Anna de Diesbach—Brilliant pink, shaded silvery white; long-pointed buds and large, finely-formed flowers; immense shell-like petals.

Baron de Bonstetton—Splendid large flowers, very double and full; color, rich dark red, passing to deep velvety maroon.

Clio—Vigorous growth; large handsome foliage; flowers flesh color, shaded in the center with rosy pink, very large, fine globular form and freely produced.

Frau Karl Druschki—This giant white rose is without doubt the most popular variety of the day. For years we had been waiting for a hardy, strong-growing pure white garden rose when this superb variety appeared. Buds of immense size, egg-shaped, with heavy waxy petals opening into a mammoth snowy white bloom of great refinement. Rank growing, every shoot bearing a flower. Hardy as an oak tree. Can be planted anywhere.

General Jacqueminot—Bright shining crimson, very rich and velvety, exceedingly brilliant and handsome, makes magnificent buds, and is highly esteemed as one of the best and most desirable.

Gloire Lyonnaise—Large handsome creamy white flowers on stout canes of fine length. Almost thornless. One of the few good hardy white roses. A fine garden and cemetery rose.

Hugh Dickson—This superb new Irish Rose stands in the front rank as a producer of the very finest brilliant crimson-scarlet roses. Of strong, vigorous growth and free-flowering habits, this great Hybrid Perpetual Rose is bound to become one of our most favorite varieties.

Mrs. G. J. Sharman Crawford—Clear silvery pink; large and full, of beautiful cupped form and produced in great profusion, every shoot being crowned with a flower bud; foliage handsome and habit unusually good.

Mrs. John Laing—Very free-flowering, commencing to bloom early in the season and continuing to bloom profusely until late Autumn; color soft, delicate pink with a satiny tinge.

FRAU KARL DRUSCHKI

Paul Neyron—Deep, shining rose, double and handsomely formed; blooms freely, and is unusually strong and vigorous; the largest variety in existence and one of the most desirable for the garden.

Prince Camille de Rohan—Very dark rich velvety crimson, passing to intense maroon, shaded black, one of the darkest roses and very handsome; regarded as the best of its color.

Ulrich Brunner—This is really a magnificent rose; extra large bold flowers, full and globular; petals large and of a good substance; color rich glowing crimson, elegantly flamed with scarlet; a good grower and free bloomer.

BABY RAMBLER AND POLYANTHA ROSES

A type of roses which grow only a foot or two high, bear large clusters of flowers possessing great lasting qualities, and are always in bloom. They are fine for massing in beds, for bordering large rose beds or planted singly on the lawn. Perfectly hardy.

Price: 25 cents each; set of 6 sorts, \$1.25; 2-year-old plants, 75 cents each.

Baby Doll—(Tip Top) Clusters of golden yellow flowers banded with cerise. An absolutely new combination of color in this class of roses. Beautiful for cutting.

Baby Dorothy (Pink Baby Rambler)—In size, habit and growth and abundance of bloom just like the Crimson Baby Rambler except that the blossoms are beautiful bright pink of the Dorothy Perkins shade.

Crimson Baby Rambler—Has the same bright crimson color as the Climbing Crimson Rambler and blooms in clusters of 20 to 40 flowers at one time on plants of fair size. "Baby Rambler" is one of the best red roses for bedding.

Joan of Arc (White Baby Rambler)—Grows to a height of 15 to 20 inches and produces double pure white flowers in wonderful abundance. Of free, compact growth and very attractive.

Madame Cecil Brunner—Beautiful pink buds of the most perfect form produced in clusters. Florists sell them by the thousands as cut flowers, being very popular for corsage bouquets.

Perle de Or—Similar to the above, but with pretty little nanken yellow buds. A little gem among dwarf roses.

CLIMBING MADAME CAROLINE TESTOUT

SUPERB CLIMBING ROSES

Such a wealth of new varieties of Climbing Roses has appeared of late years that it would seem that there was nothing left to be desired in that particular line. This collection is a representative lot of the finest Climbing Roses to be had. Each is a gem in its way. Plant them liberally about your home and enhance its beauty.

Price: 25 cents each; 2-year-old bushes, 75 cents each (except where noted).

Billiard et Barre—Large handsome flowers of globular form of a rich deep orange yellow color. A great improvement on William Allen Richardson which heretofore has been our best dark yellow climbing rose. Very strong in growth and free blooming. Two-year-old plants only of this variety. \$1.00 each.

Climbing Frau Karl Druschki—This is, without doubt, the grandest of all white climbing roses. It is the first and only pure white hardy, ever-blooming climbing rose and as such, meets a demand that has never before been supplied. It is a strong rapid grower, growing to perfection in open ground, and throwing up numerous shoots 10 to 15 feet high in a single season. Two-year-old plants only.

Climbing Hoosier Beauty—Identical with that superb new bush variety Hoosier Beauty, except that it is a rampant climber. Handsome, rich crimson flowers shaded to black. One of the best ever-blooming climbing roses yet produced. Two-year-old plants only of this rose. \$1.00 each.

Climbing General McArthur—A rapid growing climbing form of that fine red garden rose General McArthur. Fine large buds and flowers in great abundance. Two-year-old plants only. Price \$1.00 each.

Climbing H. V. Machin—A fine new climbing rose believed to be the best of its color. Rich scarlet crimson flowers, the same color and form as the bush form. Two-year-old plants only. \$1.00 each.

Climbing Killarney—A climbing form of the well known Irish rose. Beautiful shell-pink flowers in great freedom. A splendid pillar rose.

Climbing Lady Ashtown—A climbing form of the fine Hybrid Tea Rose Lady Ashtown. Large rose-pink flowers shaded to yellow at center. A continuous blooming climbing rose of the greatest merit. We recommend it most highly.

Climbing Lady Hillingdon—A splendid climbing form of the famous yellow rose, Lady Hillingdon, the most popular rose of its color at the present time. The golden yellow flowers, the bronzy red foliage and the strong arching branches, make this the most desirable pillar and porch rose of its color. Two-year-old plants only. \$1.50 each.

Climbing Liberty—A climbing variety of this fine red rose is bound to be very popular. Strong rampant grower throwing long canes bearing on the laterals true Liberty roses. Two-year-old plants only.

Climbing Madame Caroline Testout—Covered during the season with immense globular flowers of the same beautiful shade of pink as seen in the bush sort. Without doubt the finest pink climbing rose to date.

Climbing Maman Cochet—This fine new climbing rose is identical in bloom with the famous Maman Cochet but of climbing habit of growth. Its fine rose-pink flowers place it in the front rank as a pillar and porch rose.

Climbing Sunburst—A climbing sport of that peer of yellow roses, Sunburst—the much-sought new French rose. A true pillar rose of strong growth, bearing freely; very large cadmium yellow flowers beautiful either in bud or open flower. Two-year-old plants of this variety only \$1.00 each.

Climbing White Cochet—A grand climbing form of the true White Maman Cochet which originated in Australia. The flowers, if anything, are even finer than on the bush variety and have the same beautiful form and substance.

Lady Gwendolin Colvin—A new vigorous growing Climbing Hybrid Tea rose producing freely deep salmon-apricot flowers of fine size and form. A splendid addition to our list of climbing roses. Two-year-old plants only. \$1.00 each.

CLIMBING CECILE BRUNNER

TAUSENDSCHON

EVERBLOOMING CLIMBING ROSES

On this page we offer all the old favorite Climbing Roses, those which nearly every rose grower is acquainted with, and which any one can grow to perfection. Every home should have a few of these Climbing Roses gracing its porches and corners, which will in time reach to second-story windows and bring much enjoyment to their owners, as well as being the admiration of all who see them in bloom.

Price: 30 cents each; 2-year-old plants, 75 cents each (except as stated).

Beauty of Glazenwood—Bronze yellow or copper and fawn color. One of the grandest pillar roses. Very hardy and free bloomer.

Climbing Belle Seibrecht—We regard this as one of our finest pillar roses, the flowers being very handsome. Color the richest shade of rose-pink ever seen in a rose. Two-year-old plants only.

Climbing Bridesmaid—Splendid climbing form of the well known Bridesmaid. Bright pink flowers in great abundance. Two-year old plants only.

Climbing Cecile Brunner—In this fine rose we have the exact counterpart of Madame Cecile Brunner, the beautiful little Polyantha Rose, except that this is a rampant climber, growing to a great height in a few years. The flowers are produced in clusters and like the bush variety, are of exquisite form and color, being a rosy pink on a creamy white ground. Flowers are delightfully fragrant and are produced so freely as to simply hide the bush. A gem among climbing roses.

Climbing Etoile de France—The counterpart of that fine red garden rose, Etoile de France, but of strong climbing habit. Flowers rich crimson, very large and massive, produced singly. One of our finest new Climbing Roses.

Climbing Kaiserin A. Victoria—Strong rapid growing climbing form of the popular rose. Fine large ivory white flowers. One of our best climbers.

Climbing Papa Gontier—A vigorous growing sport from the well known and popular red Tea Rose, Papa Gontier. A grand acquisition to the list of climbing roses, and a variety which will find its way into nearly every rose garden in the land when it becomes known.

Climbing Virginia R. Coxe—Bright crimson-scarlet flowers produced in great profusion all season through. A rank growing pillar rose which in our estimation comes near to being the peer of all red climbing roses. One of its fine qualities is its ability to resist mildew and all other diseases.

Gainsboro—A hardy ever blooming climbing rose bearing beautifully shaped flesh pink buds and flowers. Fine for cutting.

Gloire de Dijon—Noted for the great size of its flowers, its delicate tea scent and its shade of color, being a blending of amber, carmine and cream. A magnificent climber and one of the finest varieties in existence. Two-year-old plants only.

La Marque—Flowers of good size, borne in large clusters, which are the distinctive features of the rose. Established plants bear thousands of blossoms; color pure white. One of the best known varieties.

Madame Alfred Carriere—Extra large full-flowered, very double and sweet. Color a rich creamy white faintly tinted with pale yellow. Exceedingly beautiful. It is a strong, hardy climber and free-bloomer. One of the most satisfactory climbing roses in existence.

Pillar of Gold—Large double flowers of perfect form. Color apricot shaded with carmine and Indian red. Probably the most highly colored of all climbing roses. Young plants 35 cents. Two-year-old plants \$1.00 each.

Reine Marie Henriette—A strong vigorous grower; flowers large, full and of fine form; color glowing crimson elegantly shaded. One of the best climbers.

Reve de Or—A beautiful pillar rose of rapid growth. Color deep saffron yellow, good size full and sweet. A general favorite.

Tausendschon—Large clusters of medium-sized flowers of a delicate apple blossom pink and with a grace and beauty all their own. A rank growing pillar rose which is being sold by the thousand all over the country. As hardy as an oak. In our opinion should be one of the first varieties to consider when buying climbing roses.

William A. Richardson—Color rich coppery yellow, flushed with carmine. A very beautiful variety, having few equals as a pillar rose. Extensively planted all over the Pacific Coast.

DOROTHY PERKINS

DOCTOR VAN FLEET

SUPERB HARDY PILLAR ROSES

These Pillar Roses are strong, vigorous climbers, growing ten or twelve feet high in a season. They bear immense clusters of beautiful, fragrant flowers, and will soon cover the whole side of a house with a sheet of lovely bloom. They are the grandest Climbing Roses yet introduced; perfectly hardy; need no protection, and grow more beautiful every year. All the money on earth could not buy the roses of this class now covering arbors, trellises, pergolas and archways in the United States.

Price: Young plants, 25 cents each; 2-year-old plants, 60 cents each (except where noted).

American Pillar—Without question, the finest single flowered Climbing Rose in cultivation. The flowers are saucer-shaped, three to four inches across, and are very lasting. They hang in immense clusters all along the branches, and make a remarkable sight, a veritable sheet of bloom. Color clear bright rosy pink, with a prominent white halo in the center of each flower, further enhanced in beauty by a cluster of bright yellow anthers.

Christine Wright—A beautiful new Hybrid Wichuriana rose with strong climbing habit and producing medium sized double flowers in clusters and singly. Color bright wild rose-pink. Each 35 cents. Two-year-old 75c each.

Climbing American Beauty—A new pillar rose of great merit, being a cross between the famous American Beauty and an unnamed hybrid climber. Of very strong habit of growth, producing shoots ten to fifteen feet long in a single season and as hardy as an oak tree. The flowers are three to four inches in diameter, of elegant form and exceedingly fragrant, as much so as its pollen parent. The color is a rich, rosy crimson of dazzling brilliancy.

Young plants, 25 cents each; strong 2-year-old plants, 75 cents each.

Crimson Rambler—This grand rose improves upon acquaintance; the better it is known the more popular it becomes. It is of rapid growth; attains a height of 15 feet in a season. Flowers in trusses, measuring 9 inches from base and 7 inches across, fairly covering the plant from the ground to the top.

Climbing Baby Rambler—A genuine climbing form of the well known Baby Rambler. Clusters of bright crimson-scarlet flowers all Summer long.

Dorothy Perkins—Great clusters of pretty double pink flowers smothering the plant for a long season of the year. Elegant leathery foliage, impervious to mildew and hardy as an oak tree. This sort is now the most generally planted of this class of roses.

Dr. Van Fleet—Flowers large with high built center and petals beautifully undulated and cupped.

Color the most beautiful shade of shell pink ever seen in a rose. Elegant shaped buds on long stem clothed with handsome bronze green foliage. A rank climber, immune from mildew.

Graf Zeppelin—A rampant growing pillar rose bearing a profusion of double coral-red flowers in immense clusters. Foliage mildew proof. A fine improvement on Crimson Rambler. Two-year-old plants only 75 cents each.

Hiawatha—A beautiful single flowered variety, with flowers about 1½ inches across, hanging in long pendulous sprays over the entire bush. Color brilliant ruby-red with a clear white eye, the center of each flower filled with prominent yellow anthers, a striking and beautiful combination.

Paul's Scarlet Climber—A wonderful new hardy climbing rose the results of the efforts of the well known English hybridized William Paul. No other rose in any class can compare with it for brilliancy of color which is a vivid scarlet. The flowers are semi-double and produced in clusters, the plant being literally covered with flowers from top to bottom. It is of strong climbing habit and perfectly hardy. Won three Gold Medals in England and France. The most valuable addition to our list of climbing roses for many years. Young plants 25 cents. 2-year-old plants \$1.00 each.

Silver Moon—Similar in habit of growth to Dr. Van Fleet, but with large saucer-like single flowers of silvery white color. Flowers of wonderful substance on long stems. Clusters of yellow anthers enhance the beauty of the flower. Possesses a delightful musk-like fragrance. Young plants 25 cents each. Two-year-old 75 cents each.

Shower of Gold—A beautiful new climber of the Wichuriana type from the gardens of the famous English rosarian, William Paul. It is of very vigorous growth, with dense glossy green foliage. Produces masses of golden yellow flowers in large clusters. 2-year old plants 75 cents each.

INDEX TO OUR TWO YEAR OLD ROSES

On this page we give an alphabetical list of all the roses we have to offer in two-year-old sizes, together with the prices of same and the pages in our catalogue on which they will be found described. Remember that our two-year-old roses are field grown, with strong, heavy branches and ample roots. They must not be confounded with the so-called two-year-old pot grown roses as sold by Eastern florists.

BROAD LEAVED EVERGREEN SHRUBS

A class of hardy shrubs and trees which have come much into use of late in fine landscape gardening. Especially useful in "foundation" planting about the home as well as for screens on property lines. The broad shining evergreen leaves which distinguish this class of plants make them most desirable for winter effect as well as being highly ornamental throughout the year. While not as prolific in bloom as deciduous shrubs, a goodly number of varieties carry a wealth of brilliant colored berries for a large part of the year. These shrubs must be shipped with a ball of earth on their roots to insure their growing. We therefore ship them only by express or freight at the expense of purchaser. Our stock is field grown and from two to four years old.

ABELIA

Grandiflora—An evergreen shrub with graceful branches clothed with glossy dark green leaves. Attains a height of four feet. Tubular shaped flowers about two inches long of a bluish pink color appear in clusters during summer and fall months. One of the few everblooming shrubs. Splendid landscape subject. \$1.00 each.

ACUBA

Japonica Aurea Maculata—A handsome compact growing shrub which does best in partial shade. Leaves large and leather deep green, finely spotted with golden yellow. Bears large bright scarlet berries during fall months. A noble shrub. \$1.50 each.

BACCHARIS

Patagonica—A low-growing shrub attaining a height of two feet. The slender branches are clothed with small glossy dark green leaves. Thoroughly evergreen. Small yellow flowers in early summer. A good variety for foundation planting and massing. \$1.00 each.

BERBERRIS

Darwini—Dwarf compact growing evergreen shrub with many slender branches drooping towards the tips. Small holly-like green leaves, turning red in fall and winter. Golden yellow flowers in early spring produced in great profusion followed by dark purple fruit. One of the very finest small evergreen shrubs. \$1.00 each.

BUXUS (Boxwood)

Sempervirens—Well known small-leaved evergreen admirably adapted for lawn decoration. Leaves very small, dark green and thoroughly evergreen. Bush-shaped plants for open ground planting \$2.00 each. Clipped specimens in tubs suitable for porch decoration in globe shape \$5.00 each. Pyramid shape \$7.50 each.

Suffrutescens—(Dwarf Boxwood)—Very dwarf growing shrub with small green leaves. Extensively used for edging and bordering. Also useful in winter window boxes. 35 cents each; \$3.50 per dozen.

COTONEASTER

Francheti—Graceful branches of glossy evergreen foliage, with white flowers in the summer time followed by bright scarlet berries which remain until

winter. This is the finest of the Cotoneaster we have found. A rare subject for the lawn. \$1.50 each.

Horizontalis—A low-growing shrub seldom exceeding one foot in height but with its horizontal branches spreading over a large area in a few years. Small evergreen leaves with pinkish-white flowers in the Spring followed by bright scarlet berries which remain on the branches nearly all Winter. A fine shrub for terrace or rockery. \$1.00 each.

Simoni—Pretty shrub growing about four feet high, having glossy green leaves which are evergreen in this locality. Pretty pink flowers in Summer followed by clusters of scarlet berries, which remain on the branches all Winter. A fine ornamental shrub. \$1.00 each.

CASSINIA

Fulvorda—An evergreen shrub growing three feet high with finely cut foliage similar in appearance to that of Cypress. Takes on a golden hue as the season advances. Perfectly evergreen. \$1.00 each.

DAPHNE

Odora—Superb evergreen shrub of compact growth with glossy dark green leaves. Bears in early summer wax-like flowers of exquisite fragrance and remarkable lasting qualities. The sweetest scented shrub in existence. A fine subject for borders or lawn. \$2.00 each.

ERICA (Heather)

Stricta—Dwarf-growing evergreen plant with minute green leaves on slender spreading branches. Covered during summer and fall with small pink flowers having wonderful lasting qualities. Splendid thing for fine landscape planting. \$1.00 each.

ENONYMOUS

Radicans Variegata—A splendid evergreen shrub of creeping habit admirably adapted for foundation planting. Small waxy foliage, beautifully variegated green, pink and white. Slow growing but useful in many ways. 75 cents each.

Radicans Vegeta—A strong-growing variety with large glossy green leaves followed late in the season by bright orange-red berries which remain on the plant all winter. As a hardy evergreen wall cover this plant is unequalled. 75 cents each.

ILEX (Holly)

Aquifolia (English Holly)—Beautiful small specimen tree for the lawn. Attractive all the year round because of the broad glossy prickly leaves but most beautiful from November to April when laden with bright scarlet berries. Does as well in this section as in its native land. \$2.00, \$3.00, \$4.00 and \$5.00 each, according to size.

Variegata—The green leaves are bordered pure white. Very ornamental and highly prized for lawn decoration. \$2.50 each.

LAURIS (Laurels)

Cerasus (English Laurel)—A grand broad leaved evergreen shrub attaining a height of twelve feet if untrimmed. Glossy dark green leaves of leathery texture makes it highly effective in landscape work. One of the best known evergreen shrubs. Small plants 75 cents each. Large plants \$1.50 each.

Tinus—A well known evergreen shrub with dark rather rough, though shining, green leaves. Bears umbels of fragrant white flowers very early in the spring. Of strong compact growth attaining considerable size. Suitable for specimen planting as well as for massing. \$1.00 each.

LONICERA

Nitida (Evergreen Bush Honeysuckle) — A splendid new evergreen shrub with slender erect branches covered with small ovate leathery leaves having a bright gloss on the upper surface. Fragrant creamy white flowers in early summer sometimes followed by purple fruit. A fine variety for base or foundation planting as well as for massing in large beds. Also makes a good tub plant for porch decoration. This shrub has been planted extensively in Portland gardens the past few years. 75 cents each.

MAHONIA

Aquifolia—The holly-leaved Berberry or Oregon Grape, a native of this section of the country, although the plants we offer are nursery grown. Its dark lustrous evergreen foliage is familiar to most of our customers. Official flower for the State of Oregon. \$1.00 each.

MAGNOLIA

Grandiflora—Rare and choice small tree of the highest ornamental merit. A magnificent evergreen, with large leathery green leaves, more than a foot long; bears large fragrant white flowers. \$2.00 each.

PYRACANTHA

Augustifolia—A tall-growing shrub of spreading habit. Branches spiny with long narrow grayish green leaves, and pretty small white flowers followed in the fall with quantities of rich orange-yellow berries which remain throughout the winter. A fine back row shrub. Very hardy. \$1.50 each.

Coccinea (Evergreen Fire Thorn)—Large thorny evergreen shrub with small ovate leaves of a dark

glossy green color. Covered with white flowers followed by masses of crimson berries which remain on the bush all winter. Used extensively by landscape gardeners in fine plantings about Portland. Very conspicuous in fall and winter months. Very hardy. \$1.00 each.

RHODODENDRONS

This wherever known is universally acknowledged to be the most showy, magnificent, hardy evergreen shrub that grows. It will thrive in any good soil without any special preparation, and in the full blaze of the sun, but it is more luxuriant in good, well prepared soil of leaf mold and muck and peat mixed and in partial shade. The broad, thick, evergreen foliage, with its glossy richness, would alone entitle it to a place foremost in the rank of evergreen shrubs, but when, in June, this mass of luxuriant foliage is almost hidden by the magnificent array of beautiful flowers in all colors from white to purple, the effect is simply grand. The plants we offer are strong and bushy, well set with flower buds, and will flower nicely the first year. Choice named sorts, \$4.00 to \$5.00 each.

VERONICAS

Shrubs of moderate and compact growth forming well rounded specimens which can be used singly, in groups or in rows with splendid effect. One of the best shrubs to place in front of taller growing species planted against buildings and on property lines. Thrives in the shade quite as well as in full sunlight, therefore suitable for north sides of buildings. Mostly native of New Zealand. These shrubs are being used in nearly every newly made garden in Portland.

Buxifolia—(Box-leaved Veronica)—Small shrub of upright compact growth. Leaves very small of great substance. Pure white spikes of bloom in great profusion all season. One of the best for general planting. Splendid border plant.

Cupressoides—Globular-shaped with numerous slender branches clothed with scale-like leaves which give it the appearance of Cypress. Lilac-colored flowers in terminal heads during early summer. Valuable in the shrubbery border. 75 cents and \$1.00 each.

Glaucofolia—Distinct blue-green foliage thickly set on many upright branches. Spikes of sky-blue flowers continuing all summer. One of the best.

Pinguetolia—Dwarf spreading variety with small blue-green leaves. Bright blue flowers in spikes four inches long. Splendid front row plant for evergreen garden and useful as window box plant.

Traversi—Strong upright growing variety and one of the hardest and most reliable. Small light green leaves in pairs cloth the numerous branches. Bears a profusion of dainty white flowers during early summer. More generally planted than any other kind. 75 cents and \$1.00 each.

VERONICAS FLANKING PORCH STEPS

HARDY FLOWERING SHRUBS

A few hardy shrubs are a necessity in the ornamentation of any lawn or garden planted either as single specimens, in groups, or along fences. The time of blossoming of the different sorts extends over the whole season, though the greatest show is in the Spring and early Summer.

At the prices given we send large well-branched bushes from two to five years old, grown in the open ground. As our shrubs are for the most part large and heavy, we usually send them by express or freight; however, small orders can be sent by Parcel Post if purchaser requests it. If to be sent by Parcel Post add 10 per cent for postage.

AZALEA MOLLIS

ALTHEAS

A fine tall-growing shrub that once planted is good for a lifetime. Blooms when but a small plant, but eventually reaches the size of a small tree. Always a symmetrical upright grower well clothed with a dark green foliage, and bears every year without fail a profusion of large showy double flowers that closely resemble Hollyhocks in shape and colors, but often larger in size. They bloom from midsummer until frost, at a time when few other shrubs are in bloom. Fine for cemetery planting or grouping upon the lawn.

Alba Plena—Beautiful double white flowers in great profusion. 75 cents each.

Rosea Plena—Large perfectly double light pink flowers. 75 cents each.

BERBERRIES

Used as hedge plants quite extensively, yet they make nice specimen plants when planted singly or in groups on the lawn.

Thunbergi—A unique and charming Japanese form that fits a dozen or more needs in landscape gardening. Low dense and neat in habit, with a profusion of white flowers in May. In Autumn it is all aglow with scarlet leaves and berries, and all through Winter the bright fruit clings to its branches. Young plants, one foot, 40 cents each; \$4.00 per dozen. Heavy three-year-old plants, 60 cents each; \$6.00 per dozen.

Wilsoni—Splendid low-growing shrub with spiny branches clothed with small leathery green leaves which take on wonderful autumn tints as fall approaches. A new introduction from China. A fine shrub for any purpose. \$1.00 each.

Buxifolia (Box Barberry)—A new dwarf growing shrub admirably adapted for low borders and edging. Planted 6 to 12 inches apart it forms an attractive low hedge equally effective when allowed to grow informally or trimmed each season. A splendid substitute for box hedging, thriving in any location 25 cents each; \$2.50 per dozen.

FLOWERING ALMONDS

Elegant flowering shrubs or small trees bearing a profusion of beautiful double flowers before the leaves appear. The very first of all shrubs to bloom in the Spring. A fine subject for the lawn or hardy border. We have two sorts—pink or white. \$1.50 each.

AZALEA

Mollis—Low growing shrubs covered during the early spring with gorgeous flowers in shades of salmon and yellow before the leaves appear. Grand for planting in groups against buildings, fences, or under trees on the lawn. One of the few flowering shrubs which thrives in shady places. Destined to become very popular in fine landscape work. Three-year-old bushes, \$1.50 each.

BUDDLEYA

Magnifica—The ever-blooming Butterfly Bush being given that name through the fact that all varieties of butterflies are attracted to it in large numbers. This fine new shrub is of fast growing habit, growing several feet tall the first season. It produces long straight slender branches which terminate in long spikes of lilac-like flowers of a beautiful shade of lavender blue. So free is its growth that a single plant will often produce fifty fine flower spikes the first season after planting. Commences to bloom in June and continues until frost nips the flowers. It is a fine subject for lawn planting as well as suitable for the shrubby plot. Flowers possess fine keeping qualities, therefore are desirable for cutting. Price young plants, 30 cents each. Two-year-old plants, 75 cents each.

BUDDLEYA, MAGNIFICA

CALYCANTHUS

Floridus (Sweet-scented Shrub)—An old favorite always in demand; flowers rich dark crimson quite double, delightfully fragrant and borne abundantly the whole season. Its delicious perfume is highly valued. 75 cents each.

CERASUS

Wateri—(Flowering Cherry)—A fine variety of Japanese flowering cherry. Double pink flowers in great profusion in the spring. \$1.50 each.

CORNUS

Floridus—The white flowered Dogwood native in the eastern part of the United States. Flowers appear before the leaves in the spring. Very ornamental. \$1.00 each.

Floridus Rubra—Similar to the preceding but with rosy red flowers shaded to pink at the edges. Foliage very ornamental with autumnal coloring. A choice small ornamental tree. \$1.50 each.

Siberica (Siberian Dogwood)—A small lawn tree covered during May with pretty white flowers. The bark of the new growth is bright red in color during winter. Very ornamental small tree. 75 cents each.

CYTISUS

Hispanica—(Spanish Broom) A most desirable erect growing shrub with almost leafless stems bearing more or less all summer a profusion of golden yellow pea shaped flowers. One of the few shrubs which bloom continuously. 75 cents each.

DESMODIUM

Penduliflorum—A splendid new shrub growing in graceful form to a height of six feet. Covered in late summer with a mass of graceful sprays of pea-shaped flowers of a rich amaranth red color. A fine shrub for specimen planting on the lawn. 75 cents each.

ESCALLONIA

Macranta Rubra—A compact growing shrub with waxy dark green leaves about two inches long. Bears tubular shaped red flowers in clusters more or less all summer. One of the most desirable shrubs. \$1.00 each.

FORSYTHIA FORTUNI

DEUTZIA, PRIDE OF ROCHESTER

DEUTZIAS

Small-flowered shrubs noted for their freedom of bloom and rapid growth. Through their blooming season entire limbs are thickly studded with flowers.

Gracilis Rosea—Dwarf growing with sprays of pretty light pink flowers late in the spring. A beautiful shrub. 75 cents each.

Pride of Rochester—Flowers very double and full, pure white tinged with blush. Borne in great profusion during May and June. 60 cents each.

Lemoinei—Without doubt one of the best hardy shrubs; flowers very large and produced in broad based cone-shaped heads of from 20 to 30 flowers each, of purest white, which open out very full. This fine variety has become very popular in a remarkably short time. 60 cents each.

Wateri—Beautiful double flowers of extraordinary size. Color, a fine shade of pink. Very desirable. One of the most beautiful lawn subjects or for the hardy border. 60 cents each.

EXOCHORDIA (Pearl Bush)

Grandiflora—A vigorous growing ornamental shrub of the greatest merit. Bears along in May in slender, graceful branches, beautiful white flowers of large size and of fine lasting qualities. Makes a splendid cut flower. One of the most beautiful shrubs extant. 75 cents each.

FORSYTHIA

Fortuni (Golden Bell)—This splendid old shrub growing 8 to 10 feet tall lights up the garden with glistening masses of yellow very early in the Spring before the leaves appear. Their bright golden flowers, often appearing before the snow is gone, vie with the Crocus as harbingers of Spring. 75 cents each.

HYDRANGAEA, PANICULATA

ENGLISH HAWTHORNE

Double Scarlet—Rich brilliant scarlet flowers in large umbels. Always in bloom on Decoration Day. Very fine for lawn and cemetery planting \$1.50 each.

HYDRANGAEAS

Aborescens Grandiflora (Snowball Hydrangea)—A grand new ever-blooming shrub, attaining a height of six feet and of the same breadth. Literally loaded with large panicles of snow-white flowers all the season. Small plants, 35 cents; large 3-year-old plants, 75 cents each.

Otaksa—This is one of the most popular lawn plants about Portland, its conspicuous heads of flowers being one of the sights of the city during the Summer time. The flowers are of a beautiful shade of light pink and are of immense size. Around Portland this variety turns to a beautiful sky-blue color. Small plants 35 cents each. Larger plants 50, 75 and \$1.00.

Paniculata Grandiflora—This is a grand shrub easily grown, very showy and attractive, lasting in bloom for months. It is perfectly hardy anywhere and is, without any question the finest hardy shrub in cultivation. It grows 3 or 4 feet high, is very bushy and compact. Blooms in July, at a time when no other shrub is in flower. The flowers are pure white afterwards changing to pink, and remain beautiful until destroyed by frost. 75 cents each. Standard or tree shaped \$1.50 each.

HYPERICUM

Moserianum (St. Johns Wort)—A dwarf spreading hardy shrub with pretty ovate foliage and producing through a large part of the season rich golden yellow poppy-like flowers about two inches in diameter. Prominent anthers which grace the center of the flowers adds to its beauty. A choice small shrub. 75 cents each.

Patulum Henryi—A fine new variety of strong upright growth. Foliage almost evergreen. Branches studded with golden yellow flowers during a great part of the season. Attains a height of four feet. Fine for any purpose. \$1.00 each.

KERRIA

Japonica—A very distinct and more than ordinarily valuable shrub as it bears its double golden yellow flowers all Summer and in Winter its vivid green branches contrast in marked manner with other shrubs. It is graceful in habit, with pretty bright green foliage. 75 cents each.

LILACS

Vulgarus—A very neat, handsome growing little tree and a great favorite for planting in yard and lawn. Blooms early in the Spring; flowers in immense clusters; deep rich purple and deliciously sweet. 60 cents each.

Vulgarus Alba—Similar to the purple, but pure white and very fragrant. 60 cents each.

Persian White—Like the above but with pure white flowers. Very graceful sort.

Charles X—Very large trusses of reddish purple flowers. Strong, vigorous growing sort with immense shining green leaves. \$1.00 each.

Marie Lagraye—Large panicles of snowy white flowers sweetly perfumed. Rarely beautiful. \$1.00 each.

Marie Lemoine—Large panicles of double white flowers. \$1.25 each.

Charles Baltet—Large panicles of double lavender colored flowers. Very beautiful. \$1.25 each.

Francisca Morell—Splendid panicles of rich lavender colored double flowers. Rare and beautiful. \$1.50 each.

TREE LILACS

Lilacs grown into standard or tree form make fine subjects for planting singly upon the lawn. These have a single stem three to four feet high surmounted by a tree-like head of branches. The tree lilacs are quite as easily grown as the bush forms and are far more stately for lawn planting. We can supply tree lilacs in any of the seven varieties listed above. Price, \$2.00 each.

LONICERA

The plant is a strong grower of fine branching habit, bearing by the hundreds, on long, graceful stems, beautiful double blooms of the brightest golden yellow. Excellent for cut flowers. 25 cents each. Large clumps, 50 cents each.

Newmani—Another grand sort entirely distinct from the above, growing only a foot or two high and bearing single anemone shaped flowers of a brilliant yellow color with a black center. A mammoth hardy "Black-eyed Susan." Flowers very lasting when cut. Fine, hardy plant. 25 cents each.

Purpurea—Flowers about four inches across, of a peculiar shade of reddish purple with a large cone shaped center of brown. Blooms from July to October. Grows 3 feet high. A handsome hardy plant. 25 cents each.

CHOICE HERBACEOUS PAEONIES

Fine, hardy plants, rivaling the Rose in perfection of bloom, color and fragrance. They are at home in any climate or soil, but thrive best in a deep, rich, well-drained loam. They make a gorgeous display planted in beds, on the lawn, or planted simply along a walk or herbaceous border. The Paeony is perfectly hardy and generally able to care for itself, but it does not follow that they enjoy neglect. Give them ample room in which to grow, keeping them free from weeds and grass, and they will amply repay all the care given.

Our collection embraces the very finest varieties in cultivation, secured at large expense from the renowned hybridizers of France and England, where this grand flower is cultivated to the utmost perfection. We send out fine, large roots, sure to grow and bloom the first year.

Price: 50 cents each (except where noted); set of 22 fine sorts, \$12.00 by express.

CARNATION BONORA

CARNATION, MRS. C. W. WARD

SIX FINE NEW CARNATIONS

Are undoubtedly the most popular flower of the time. Their fine long stems, sweet perfume, bright colors and keeping qualities, all go toward making them leaders for home decoration. They flower freely and constantly all through the season from plants such as we send out in the following two collection. Carnations prefer light rich soil and require water in dry weather. By pinching off the flowering shoots until early in July, a fine bushy plant is produced which will then flower most profusely during the Fall months.

Price, 25 cents each; set of 6 sorts, \$1.25 postpaid.

Alice Roper—Very large loosely formed flowers heavily fringed and with fine fragrance; color delicate rose with silvery shadings. Of strong robust growth branching freely and flowering continuously all season.

Belle Washburn—Flowers very large and massive with finely fringed petals. Strong non-bursting calyx. Stems stout and wiry, holding the flower erect, color rich dazzling scarlet.

Gorgeous—Very large, handsome, well built flowers of a rich shade of deep pink, tinted with carmine. Remarkably free in bloom for such a large flowered sort.

Laddie—Very large heavily fringed flowers of fine form and substance. Rank growing, with long straight stems and leathery blue-green foliage. Color soft, medium rose-pink with silvery shadings, a color always greatly sought after.

Matchless—A wonderful new white variety produced by a famous hybridizer of New York State. Large massive flowers on strong upright stems.

Princess Dagmar—A grand new ever-blooming Carnation producing very large, heavily-fringed flowers of a rich crimson-maroon color.

ENCHANTRESS COLLECTION OF CHOICE CARNATIONS

We have selected the varieties in this collection with much pride to ourselves, believing that we are giving to our patrons a set of Carnations which for general planting cannot be excelled. All have flowers of large size, strong and healthy growth and very free-blooming qualities.

Price, 20 cents each; 4 for 50 cents; set of 10 fine varieties, \$1.50.

Alice—Flowers large, finely formed, nicely fringed and very fragrant. Color, delicate flesh-pink of exquisite shade.

Aviator—Large, handsome, bright scarlet flowers borne singly on stout stems. Never bursts its calyx, finely fringed and very fragrant. One of the best sorts of its color now in existence.

REX BEGONIA

JAPANESE CHRYSANTHEMUMS

The Japanese Chrysanthemum is without doubt the finest Fall blooming plant we have and has been aptly named "Queen of Autumn." Immense strides have been made of late years in hybridization, and the latest novelties are remarkable object lessons of the potency of cross breeding. No family of plants present such a wide range of colors or more diversified forms. Nor does any respond more readily to liberal cultivation than the Chrysanthemum. In fact, they require considerable attention to give best results. They should be cultivated, watered, staked and tied and, most important of all, a good part of the bunds should be removed when they first appear. This will insure large, perfect flowers and give planters a greater degree of satisfaction. Our collection includes all the finest new sorts which have come under our observation and which we think will give utmost satisfaction.

RARE NEW JAPANESE CHRYSANTHEMUMS

Price, 20 cents each; 3 sorts, 50 cents; set of 10, \$1.50.

FERNS FOR HOME DECORATION

Realizing the importance of ferns in all indoor decorative effects we are devoting a large area in our greenhouses to the cultivation of the best new and old varieties of this most graceful of all plants.

ORNAMENTAL FERNS

Under this heading we include those sorts which being hardy in character and of strong growth are most valuable as house plants grown as specimens in pots or jardiniers. All belong to the *Nephrolepis* family and are very easily grown.

Ostrich Plume Fern (Whitman)—One of the most wonderful and beautiful plant introductions of the present age. This new sort is a sport from the well known Boston Fern, the habit of growth being the same but with the pinnae being divided, as are the fronds. A matured plant has a beautiful feathery appearance and we think it is one of the grandest of decorative house plants. 25 and 35 cents each, postpaid; larger plants by express, 75 cents, \$1.00 and \$2.00 each.

Philadelphia Lace Fern (Amerpohli)—Belongs to the Ostrich-plume type; each broad, graceful frond seems like a piece of delicate lace. 35 cents each, postpaid.

Newport Fern (Scotti)—A dwarf, compact form of the well known Boston Fern. Always makes a neat, shapely plant even when quite small. A little gem for house culture. 25 cents each.

Boston Fern—Grown into large specimens this is one of our finest decorative plants. Long, sword-like fronds, gracefully arch in every direction. Of the easiest possible culture. More largely grown than any other variety in commerce. Young plants 25 and 35 cents each, postpaid; larger plants by express, 75 cents, \$1.00 and \$2.00 each.

Roosevelt Fern—The grandest fern of its class yet introduced. It resembles the world-famous Boston Fern, but produces twice as many wide, drooping fronds, and the pinnae are beautifully undulated, giving a pronounced wavy effect seen in no other variety. 35 cents each, postpaid; larger plants by express, 75 cents, \$1.50 and \$3.00 each.

Teddy Junior—A dwarf form of the famous Roosevelt Fern. Neat, compact growth with leaves heavily undulated. 30 cents each; large plants by express, 75 cents, \$1.00 and \$2.00 each.

CHOICE TABLE FERNS

Price, 20 cents each; set of 7 sorts \$1.25.

Adiantum Cuneatum—Maiden Hair Fern. A very beautiful and graceful fern.

Aspidium Tsussimense—Without question the most valuable of all ferns yet introduced for fern dishes; of strong but dwarf habit.

Cryptomium Falcatum (The Holly-leaved Fern)—One of the most desirable; with hardy dark foliage similar to the leaf of English Holly.

Pteris Argylea (The Silver Fern)—Beautiful variegated leaves; silvery white on a light green ground.

Pteris Cretica Albo-Lineata—A pretty and useful variegated variety distinctly showing the clear white variegation. A useful and easily grown fern.

Pteris Hastata—Elegant dark green foliage, borne on black stems. Very hardy and fine for fern-dishes.

Pteris Wilsoni—A very pretty and useful fern Green leaves with the ends very peculiarly crested. Beautiful sort for fern dishes.

ASPARAGUS FERNS

Sprengeri (Emerald Feather)—This is undoubtedly one of the handsomest and most valuable evergreen trailing plants for the house and conservatory ever introduced. It is especially valuable for pots, vases, baskets, etc., covering all with its beautiful sprays of lovely green feathery foliage, which can be cut freely and are very useful for bouquets, wreaths and all kinds of floral decorations. It makes a charming ornamental plant for the window or conservatory in Winter, and is equally valuable for vases, baskets, porch boxes in Summer. 20 and 35 cents each, postpaid; large plants by express, 50 and 75 cents each.

Plumosa (Japanese Lace Fern)—A finer and more delicate plant than the Sprengeri, but hardy and easily grown. An extremely graceful window climber, bright green feathery foliage, as fine as the finest silk or lace. The fronds retain their freshness for weeks when cut, and are greatly admired for floral decoration. Most popular of all house plants at present time. Florists grow entire greenhouses of it for its cut strings and fronds. No finer house plant than this. 20 and 35 cents each, postpaid, large plants, by express, 50 and 75 cents each.

FINE FLOWERING HOUSE PLANTS

AMARYLIS, Equestre (Gloriosa Lily)—Superb bulbous house plant producing large flaming scarlet flowers on stalks eighteen inches high. Blooms in spring and summer. 50 cents each.

AMARYLIS, Queen Mary—Not a true Amaryllis but belongs to same family. Large pure white double flowers of lily-like substance. Splendid house plant. 50 cents each.

AMARYLIS, California Giant Hybrids—A superb genus of gorgeous flowering bulbous plants of the greatest beauty and value for house culture. Most of the varieties bloom several times during the year, but are especially beautiful in early spring and summer. This magnificent new strain of Amaryllis bears flowers of unusually large size in great panicles or umbels of from six to twelve blooms. The colors vary greatly chiefly in shades of pink, scarlet and crimson splashed and smeared with white. \$1.00 each.

BOUGAINVILLEA, Glaba Sanderiana—Rosy crimson bell shaped flowers all along the slender branches during spring and early summer. Wax-like foliage which in itself is quite ornamental. Can be grown as a climber or trained into a dwarf house plant. 40 cents each. Large plants \$1.00 each.

CALLA, Elliottana (Golden Calla)—This choice new bulbous plant is one of the very finest subjects for house culture that we know of. Easily grown and flowered with but little care. The foliage is not unlike the common Calla, except that it is covered with silvery white spots, making it very ornamental. The flowers are very large, of a rich golden yellow color and are produced over the greater part of the year. One of the best house plants we know of. 35 cents each. Extra large bulbs. 50 cents each.

CALLA, New Godfrey—A beautiful novelty from England offered by us for the first time. Compared to the ordinary Calla, this new variety gives three flowers to one of the older variety. Flowers snow white and perfect in form. Blooms on very small plants. Superb Winter blooming plant. 25 cents each. Extra large plants 50 cents each.

CALLA, Ethiopia (Lily of the Nile)—An old and well-known house plant; white, trumpet-shaped flowers. 20 cents each; large plants, 50 cents each.

CALADIUM, Fancy-Leaved—Nothing can equal these in brilliancy of foliage; to say there are over 400 combinations of colors is sufficient. The splendid large leaves are beautifully spotted, margined and variegated with every imaginable color except blue. They are best suited for pot-culture in house, conservatory or shaded situation. 40 cents each.

CYCLAMEN, Giant Persian—These are among the most beautiful and interesting Winter and Spring flowering bulbs for the window and greenhouse. Not only are the flowers of striking beauty, but the foliage is also highly ornamental, consequently they are very decorative, even when not in bloom. There are no plants better adapted for pot culture, and few that produce such a profusion of bloom. Price, young plants for blooming next Winter, 25 cents each; 3 all different, 65 cents.

CYPERUS, Alternifolius—Well known as the Umbrella Plant. Whorling green leaves on long slender stems. 25 cents each.

GENISTA, Racemosa—A highly ornamental plant that grows thriftily with ordinary care, flowering so freely as to literally cover the plant with its rich golden yellow flowers. Very popular for Easter decorations, at which time it is usually a mass of bloom. 25 cents each.

LEMON, American Wonder—Sweet scented white flowers, followed by fruit of immense size, often weighing 2 pounds each. Easily grown. 25 cents each. Large plants 50 cents to \$1.00 each.

OLEANDERS—Nothing nicer for the porch or lawn decorations than these fine old-fashioned tub plants. Two sorts, pink or white. 35 cents each.

ORANGE, Otaheite—A dwarf-growing orange which grows, blooms and fruits freely in pots, even when only a few inches high. The fruit is about half the size of an ordinary orange, and ripens throughout the year. Flowers very sweet scented, and produced with great freedom. 25 cents each; larger plants, 50 cents to \$1.00 each.

PRIMROSE, Giant Obconica—The freest flowering plant we know of, blooming continuously throughout the entire season. Plants in small pots have from 15 to 20 sprays of large lavender flowers on stems 10 to 12 inches high at one time, lasting in bloom fully four weeks without fading, and continually sending new sprays all over the plant, making it one of the most desirable plants for the house ever introduced. Price, 20 cents each; extra large plants in bloom, 40 cents each.

SWAINSONIA, Gaiegifolia Alba—A most desirable ever-blooming plant, with pure white flowers, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a sweet pea. 25 cents each.

PRIMROSE, GIANT OBCONICA

LANTANAS

Lantanas are showy bedding and basket plants that are being used more extensively than ever. They are strictly ever-bloomers, flowering continually from early summer until frost cuts them down in the fall. They withstand the hottest sun and dry weather remarkably well. A bed of these Lantanas which we displayed at the 1919 Portland Rose Festival Center was the most talked of exhibit in the show.

Price 15 cents each; \$1.50 per dozen; set of 6 sorts 75 cents.

Ameil—A beautiful dwarf growing variety, among the very finest of bedding plants. Grows eight inches high. Covered all summer with umbels of little florets red on the outer edge and orange-yellow in the center. A little gem for bedding.

Craig—Velvety cardinal red center studded with golden yellow. Free blooming and good grower.

Courbeille d'Argent—A free blooming pure white sort; dwarf and compact grower; never out of flower.

Iolande—Rich colored umbels, a beautiful mingling of crimson, orange and yellow. Fine robust grower and free blooming. Very showy sort.

Jaun d'Or—Large umbels of light sulphur yellow flowers changing to a beautiful shade of pink. One of the most distinct and beautiful varieties we have seen.

Leo Dex—A gorgeous combination of crimson-violet and bronze. Nothing in bedding plants reaches this in gorgeous coloring.

MISCELLANEOUS BEDDING PLANTS

Ageratum—Blue Star—Well known bedding and border plant, growing less than a foot high. Clusters of pretty light blue flowers, 10 cents each. \$1.00 per dozen.

ALYSUM Little Gem—Very dwarf, pure white flowers, fine for edging. 50 cents per dozen.

Aloysia Citriodora—The well-known Lemon Verbena. Sweet scented foliage. An old favorite. 20 cents each.

MARIGOLD Dwarf French—Fine for borders. 60 cents per dozen, ready May 1st.

MARIGOLD Tall Africah—Showy orange colored flowers. 60 cents per dozen. Ready May 1st.

MAMMOTH VERBENAS

PANSIES, Giant Rainbow—Pansies are the most popular of all flowering plants, and are grown over the widest extent of country. They bloom most freely and produce largest flowers in cool, moist locations, or during early Spring and late Fall months. They flower profusely, however, even during the Summer, if planted in a shady place. Their chief value lies, however, in their Spring-blooming proclivities. 7 cents each; 75 cents per dozen; \$5.00 per 100.

PETUNIA, Pride of Portland—A beautiful new single-flowered variety, very popular in Portland last season for bedding and window boxes. Large fringed blooms of a soft bright pink shaded to yellow and white in the center. 15 cents each. \$1.50 per dozen.

PETUNIA, Elks' Pride—Another popular single flowered Petunia producing all summer rich, dark purple flowers in great profusion. Fine for beds, borders, window boxes and baskets. 20 cents each. \$2.00 per dozen.

PHLOX Drummondii—Showy annual, all colors mixed. 60 cents per dozen. Ready May 1st.

SALVIA America—A wonderful new variety of Scarlet Sage, the earliest freest and most continuous yet produced. Large spikes of bloom 2 feet high. 15 cents each. \$1.50 per dozen.

SALVIA Splendens (Scarlet Sage)—Under our hot Summer sun this "flame-colored beauty" is the most gorgeous of all plants. 10 cents each; \$1.00 per dozen.

VERBENA, New Mammoth—The Verbena is, next to the Geranium, the most popular of all bedding plants. The New Mammoth strains are noted for their robust growth and immense flowers. The colors range through the different shades of blue, pink, scarlet, white, purple, crimson, and some variegated. Price 70 cents each; 15 plants, any color, \$1.00.

ZINNIAS New Giant—Very popular at present. These fine summer blooming plants shares honors with the new sorts of Snapdragon offered elsewhere in this catalogue. Bloom all summer and very late in the fall. We offer six separate colors, White, pink, yellow, scarlet, crimson or purple Pot plants. \$1.00 per dozen. Ready April 15th.

HIGH GRADE FLOWER SEEDS

We offer for the consideration of those who are buying plants from us the following very fine list of flower seed specialties. As with our plants, we are undertaking to give buyers the very finest selections obtainable, and we think no one will regret having given us their seed order after the season is over. Our wide experience in growing plants and cut flowers is of great assistance to us in securing for the amateur planter the finest strains of each family of Summer flowers. All seeds will be sent by mail in separate packages from plants. If both do not arrive together, be patient—wait a day or two before making complaint.

SUPERB NEW SPENCER SWEET PEA MIXTURE

A grandly blended mixture of all the latest novelties and improved varieties, including those listed above and an infinite number of novelties of last season imported from England at much expense and known to be wonderful in comparison with many of the older sorts. This fine mixture is so blended that it cannot fail to give the greatest degree of satisfaction to those who do not care to know the names of the sorts they cultivate. No finer mixture can possibly be procured.

Price, 15 cents per packet; 40 cents per ounce; \$1.25 per ¼ lb.; \$4.00 per lb.

CHOICE MIXED SPENCER SWEET PEAS

A finely blended mixture of all the older varieties of Spencer or Orchid-flowered Sweet Peas. Cannot fail to give satisfaction, including, as it does, all the best known sorts.

Price, 10 cents per packet; 25 cents per ounce; 85 cents per ¼ lb.; \$3.00 per pound.

GIANT SPENCER SWEET PEAS

The new "Spencer" type has lovely waved and fluted flowers of gigantic size, and in exquisite colorings, length of stem and lasting qualities are much superior to the older types. "Spencers," however, are very shy seeders and require much careful selection to develop fixed types. The seed is therefore scarce, and cannot be cheaply produced. **Price, 10 cents per packet; 6 packets for 50 cents; ounce packets, 40 cents each.**

Agriola—An exceeding chaste and beautiful variety. Color, white, delicately suffused with soft silvery lilac.

Alexander Malcolm—Bright cerise shaded with scarlet. Brilliant and attractive sort. True Spencer form.

Apple Blossom Spencer—A truly giant flower, color, standard rose with deeper veining, wings light carmine, ground color, primrose.

Barbara—Very large bright salmon color shaded to orange. Of true Spencer form, florets very large generally four on a stem.

Beryl—Lovely shade of pink suffused salmon. Fine waved and fluted flowers on good stems.

Caress—Large finely formed flowers beautifully frilled. Usually in fours only long stems. Soft shell-pink toned with creamy buff.

Constance Oliver—Creamy yellow suffused with rose-pink. A refined flower of much beauty.

Countess Spencer—Silvery white tinted with soft shell-pink. Flowers very large, beautifully expanded, with crumpled and waved edges.

Dainty—Ivory with picotee with rose-pink. Crisp wavy flowers of good form.

Edward Cowdy—Large wide open flowers on long stems. Color bright scarlet. Comes from England well recommended.

Elfrida Pearson—A refined variety of great beauty and true Spencer form. Color, delicate light pink with silvery shadings.

Elsie Herbert—Pure white edged with rosy pink. Beautifully waved and fluted flowers.

Ethel Roosevelt Spencer—Ground color a pleasing primrose or straw, overlaid with dainty flakes and splashed of bluish crimson, giving warmth and golden tinting to the yellowish groundwork.

Fiery Cross—Standards rich orange scarlet, wings cherry red. Wonderfully brilliant and very popular.

Flora Norton Spencer—Rich, bright lavender blue without shadings of any other color.

Florence Nightingale Spencer—Finest new, erect flowers of a charmingly soft, rich lavender, with very delicate suffusion of rose.

Geo. Herbert—A really splendid variety of great substance and huge size. The color is most charming, the standards being rose, with deep scarlet wings.

John Lewis—Rich orange color, shaded crimson of gigantic size and build. One of the richest colors imaginable.

Hercules—A magnificent soft rose-pink of truly giant proportions; undoubtedly the best of its class.

Illuminator—Glowing cerise salmon with orange suffusions. Fairly glistens in its brilliancy of color. One of the best sorts in our list.

King Edward Spencer—Deep, rich scarlet of glossy effect. Flowers very large and finely formed.

King White—Pure white of splendid form. Petals finely frilled and of great substance. Generally four on a stem.

Margaret Atlee—Rich glowing pink on a cream ground suffused with salmon and apricot. Lovely formed flowers on long straight stems.

Margaret Madison—A clear, azure-blue, self-colored Spencer variety of unequalled beauty. Delightfully waved and frilled.

Maud Holmes—Deep rich crimson of finest Spencer form. One of the best reds.

Mrs. Arnold Hitchcock—Charming shade of pink flushed with salmon on a cream ground. Large waved and fluted flowers always in fours.

Mrs. C. W. Breamore—Deep buff with picotee edge of rose pink. An elegant fancy sort.

Mrs. Hugh Dickson—Rich apricot shaded to primrose and edged pink. Splendid flowers of best Spencer form on fine stems.

Mrs. Routzahn—Buff or apricot ground flushed and suffused with delicate pink, or a very soft rose, deepening towards the standard and wings, giving somewhat of a picotee edged effect.

BARBARA

Mrs. Townsend—Splendid picotee edged sort. Pure white delightfully edged with blue.

Othello Spencer—Deeply waved flowers of a rich dark maroon color. Superb variety.

Primrose Spencer—Rich primrose yellow of magnificent size and build, borne on stems of great length.

Robert Sydenham—Large massive flowers on giant stems. Color glowing orange. A self variety of wonderful brilliancy.

Rosabelle—Rich bright carmine marked with white at center. Large flowers fluted and waved in approved manner.

Senator Spencer—Of finest Spencer form and largest size. The coloring is a combination of deep claret and chocolate, striped and flaked on a light helotrope ground.

Sterling Stent—Rich orange shaded salmon. Finest Spencer form. Does not burn with hot sun as badly as some.

The President—Rich orange scarlet of largest size on long stems. Packets only of this variety.

Thomas Stevenson—Standard flaming orange, wings rich carmine color, entirely distinct. Very large, fluted and waved; long stems.

Vermilion Brilliant—Brilliant scarlet-gold wavy flowers on long stems. A blaze of color.

Warrior—Rich crimson shaded maroon. A very fine dark colored sort.

Wedgewood—Lovely light blue general four on a stem. Very distinct and pleasing.

White Spencer—The first pure white orchid flowered sweet pea. Flowers truly gigantic, four on a stem of extreme length.

Yarrowa—Rich bright rose-pink on a creamy base. An Australian sort of a high degree of merit.

TEN BEST SPENCER SWEET PEAS

Out of the large number of varieties of Spencer Sweet Peas which we now keep in stock we have grouped in this collection ten sorts which we think are the cream of existing varieties. We have selected these for their vigorous growing, free blooming characteristics, as well as for their large-sized flowers and diversity of colors. No finer collection than this can be produced.

Price 10 cents per packet; set of 10 packets, 75 cents; ounce packets 60 cents each.

CONSTANCE HINTON

Constance Hinton—Flowers of the largest size, produced four upon a stem. Of genuine Spencer form with finely fluted and crimped flowers. Color pure white, sometimes faintly tinted with pink.

Dobbies Cream—A fine new English variety producing flowers of the most approved Spencer form on fine stout stems, generally four on a stem. Color pure primrose yellow; the very finest sort of this color to date.

Elegance—Delicate and beautiful in color this charming new variety will become a general favorite. Flowers of immense size, pure white flushed with pinkish lilac in the most artistic manner.

Halmark Pink—Clear salmon pink standards with wings of rosy-pink. Large flowers well waved and gracefully carried four to a stem. We believe Halmark Pink to be the finest variety in its class.

Hope—Rich cerise shaded to rose. A vigorous grower with flowers of great size freely borne in fours, on fine long stout stems.

Masterpiece—An absolutely true and fixed light lavender variety which, on account of its reliability, has been placed at the head of the list of lavender sorts by the National Sweet Pea Society.

Melba—Another splendid novelty with large finely fluted and waved flowers of a rich shade of salmon. Long stout stems with flowers gracefully placed. A wonderful color under artificial light.

Mrs. Tom Jones—Bright delphinium blue flowers of the finest size and great substance. Beautifully fluted, four on a stem of great length. A first class rich blue has at last been procured in this fine novelty.

Mrs. C. P. Tomlin—Bright scarlet with a touch of fiery red. Flowers of the largest size producing an abundance of four flowered sprays on long graceful stems. Withstands the hottest sun without burning.

Royal Purple—The name most aptly describes the color of this great novelty. Flowers rich rosy purple, the younger flowers slightly softer in color tone. Beautiful in all stages.

SEEDS OF CLIMBING AND TRAILING PLANTS

Bean, Scarlet Runner—Rapid growing ornamental vine. Bright scarlet flowers, followed by speckled pods. 10 cents per packet; 35 cents per pound.

Cardinal Climber—A most distinct annual climber of strong and rapid growth. Beautiful maple like foliage and bright scarlet flowers, about two inches in diameter. In profusion all summer. 20 cents per packet.

Canary Bird Vine—A rapid-growing Summer climbing annual, growing 10 to 15 feet high. It will cover trellis work in the most graceful manner, producing hundreds of its pretty fringed bright yellow flowers. 10 cents per packet.

Cypress Vine—This is a most beautiful climber, with delicate, dark green, feathered foliage, and an abundance of bright star-shaped scarlet, rose and white blossoms. 5 cents per packet.

Morning Glory, New Brazillian—Magnificent Summer climbing annual. It grows with the greatest vigor and luxuriance. The leaves are 8 to 12 inches across, overlapping each other and making a dense shade. The vine is covered with short reddish hairs which, with its immense leaves and large clusters of curious seed capsules, render it highly ornamental. We know of nothing better for quickly covering a piazza, arbor or tree. The flowers are of a beautiful rose color, and are borne in large clusters 10 cents per packet.

Morning Glory, Giant Imperial Japanese—These beautiful climbing annuals are of enormous size—range in color from pure white to rose crimson and carmine through blues and purples to almost black; some being mottled, striped, penciled and bordered. The foliage also is often prettily variegated. 10 cents per packet.

Morning Glory, New, Double Flowered—These beautiful climbing annuals are of very rapid and luxuriant growth; the flowers will come double, semi-double and a few, perhaps, single. The colors vary; there are various shades of blue, white spotted with red, white marbled with purple and lavender crimson, pure white, etc. Mixed colors, 10 cents per packet.

Wild Cucumber—The fastest growing annual in existence. Will grow 20 feet in six weeks. Pretty green foliage and inconspicuous white flowers. Fine for covering unsightly places. 10 cents per packet; 50 cents per ounce.

Moonflower, Grandiflora—The large white variety, opening late in the day. Does not flower so early or profusely as its allied species, the morning glory. 10 cents per packet.

Moonflower, Heavenly Blue—Large sky-blue flowers in great profusion late in Summer and Fall. A fine trailing vine. 10 cents per packet.

AMERICAN BEAUTY ASTER

GIANT BRANCHING COMET ASTER

CHOICEST ASTERS

Within the past few years the Aster has become one of the most, if not the most, popular of annuals. It requires no skill to raise the finest flowers from the varieties offered below, which comprise the very best possible to secure. No other flower makes such magnificent display during the Summer and Fall months.

New American Beauty—Flowers similar in type to the well known Late Branching Asters but blooming even later and are carried on much longer and heavier stems. Grows three feet high, flowers 4 to 5 inches across. Invaluable for cut flowers and highly decorative in the garden. We have five colors, viz.: Rose Beauty (pink), September Beauty (flesh), Lavender Beauty, Carmine Beauty, White Beauty. Also mixed all colors. 15 cents per packet. Set of 5 colors, 60 cents.

Giant Branching Comet—With good cultivation, flowers of this type frequently measure four inches across, and in their fine form, large size, and long stem approach in beauty the fine chrysanthemums grown in the greenhouse during the late Fall months. The flowers possess that fluffy appearance so much admired at the present time, and bloom in a great variety of colors; white, crimson, light pink, lavender, purple, dark pink, or mixed, all colors. 10 cents per packet; 3 for 25 cents.

Improved Giant Crego—Another superb aster of the Comet class and a product of Oregon soil, having originated in the Willamette Valley. These asters are most popular in the cut flower market of Portland, commanding the highest price. Their large fluffy flowers are produced on long straight stems which branch freely from near the ground. White, flesh-pink, rose-pink, purple or mixed. 15 cents per packet; 2 packets for 25 cents.

Superb Late Branching—A magnificent new American strain of asters, producing handsome double flowers of fine size and build, on very long stems and in a very wide range of colors, including white, light pink, dark pink, crimson, lavender and purple. Very fine for cut flowers, and grown by the million for that purpose. Blooms after most other sorts have quit flowering. Any color separate or fine mixed. 10 cents per packet; 3 for 25 cents.

New Royal—A grand early flowering strain of branching Asters coming into flower before any other varieties which we offer. The flowers are very double, of magnificent form and fine size with broad incurving petals. Plants average two feet high insuring long stems for cutting. Five fine colors, white, shell pink, rose pink, lavender and purple. Also mixed. 15 cents per packet; 2 for 25 cents.

New Imperial—A superb American strain, growing tall and erect and branching freely, each branch bearing a large, extremely double incurved flower of great beauty and of remarkable lasting quality. These are the most double of any Asters we know of. Six colors, white, light pink, rose pink, salmon pink, lavender, red. Also mixed colors. 15 cents per packet. 2 for 25 cents.

New King—The King Asters form a distinct class or type, and have many sterling qualities to recommend them to growers of fine Asters. They are of strong sturdy habit and bear from August to October very large flowers, the petals of which are quilled in an artistic manner. White, pink, crimson and violet. Also mixed colors. 15 cents per packet; 2 for 25 cents.

Peach Blossom—A rare new American Aster, producing its large double flowers on very long stems. As its name indicates, the color is a beautiful shade of peach-pink, a color so greatly admired by everyone. 15 cents per packet.

White Perfection—Produces the largest, most double pure white flowers of any Aster we have yet seen. Absolutely perfection in form, with fine long stems for cutting. 15 cents per packet; 2 for 25 cents.

New California Giant—A splendid new family of asters of vigorous growth, producing very large flowers on wonderfully long stems. A remarkable aster. Comes in three colors. Giant Light Blue, Giant Purple, Giant Light Pink. Also mixed. 15 cents per packet. 3 for 40 cents.

GIANT FLOWERING CLIMBING NASTURTIUMS

A new section obtained by a French specialist by hybridizing, and distinguished by flowers of a large size and a richness and variety of coloring not to be found in Nasturtiums heretofore grown. There have already been produced twenty-two different colors or combinations of colors in these new hybrids, including various shades of rose, salmon, bright red, pale yellow, etc., either self-colored or spotted, mottled, striped and margined.

For covering trellises, fences, arbors, piazzas, trailing from vases, over rockwork, etc., nothing can equal the gorgeous effect produced by their marvelous quantities of bloom, borne in uninterrupted splendor from early Summer until cut down by frost. Their ease of culture and rapidity of luxuriant growth, 12 to 15 feet high, render them worthy of great popularity.

Price: 10 cents per packet; 25 cents per ounce; 75 cents per ¼ pound.

Butterfly—Light yellow lower petals, marked with blotch of rich terra-cotta.

GIANT FLOWERED PANSIES

Giant Trimardeau Mixed—A magnificent strain, including three and five-spotted varieties of large size and bright colors, with lower petals distinctly marked with large blotches of dark rich, contrasting colors. A fine pansy for general cultivation, being of easy germination and vigorous growth. White, blue, black, yellow, or all colors mixed. 15 cents per packet; 2 packets for 25 cents.

Steeles Mastodon—A grand new strain of pansies produced by an Oregon specialist in this popular flower. The flowers are extra large, perfectly shaped and embrace the rarest and most beautiful colors yet seen among Pansies. It would indeed seem impossible to secure a finer strain than this. 20 cents per packet. 3 for 50 cents.

Gold Premium Mixture—A mixture of the very finest fancy and show pansies from the specialists of England, France and Germany. Embraces all of the solid and self colors, the white bordered and marbled varieties and those veined, blotched and mottled in endless markings and colors. Nothing finer in pansies can be obtainable. 25 cents per packet.

Giant Masterpiece—The truly giant-sized flowers are of the most striking character; the petals having a rich, velvety substance and being heavily ruffled, give them the effect of a double flower. The colors are mainly dark rich shades, bordered, blotched or marked in ray-like veinings with contrasting colors. 25 cents per packet.

ANTIRRHINUM

(Snapdragon)

Within the last few years Snapdragons have become very popular. This, however is not to be wondered at, whether they are considered for a display in the garden or grown for cutting purposes. Their fine long spikes of various colored flowers are very lasting. They are readily raised from seed, the earlier sown in the Spring the longer the season of bloom will be. We offer the following choice varieties all of which grow to a height of 18 inches; just right for bedding and cut flowers.
